Krider's "GLORIES OF THE GARDEN"

(TRADE MARK REG.)

for Spring 1950—
Our 55th Year—

TWO FAMOUS NEW ROSES—

NOTE: Don't miss the Special AARS Rose Collection on page 4, also the dozens of other leading American Roses to be found in this book. All are 2-year, No. 1 plants, field-grown and budded. KRIDER ROSES have a reputation for being GOOD Roses.

NOCTURNE
AARS WINNER, 1948

AARS - NOCTURNE U. S. Plant Pat. No. 713

Winner of an All-America Award in 1948, Nocturne has one of the longest, most perfect and most elegant buds to be found among red Roses. Opens into gorgeous, full-bodied blooms of bright cardinal-red with darker shadings of crimson. Color is somewhat lighter during the hot weather. Blooms are fragrant and petals satiny in texture. Long stems and foliage is luxuriant, making them ideal for cutting. Plant is a sturdy and vigorous grower, produces freely and does well in almost all sections of the country. Selected, 2-yr., No. 1 plants, **WILL BLOOM THIS SUMMER, \$1.50 each; 3 for \$3.75.** (West of the Rockies add 5c per plant for extra postage.)

AARS-FORTY-NINER U. S. Plant Pat. No. 792

Without doubt Forty-niner is the most spectacular and most brilliantly bicolored Rose to be introduced to date. The brightness of the startling contrasting colors is almost unbelievable. Outside of the petals is a rich yellow, sometimes flushed with pink, while the inside of the petals is a vivid Chinese-red. Holds its colors until the last petal falls. Buds are long and pointed, perfectly formed, and open slowly into large blooms which are very double, with 25 to 40 or more petals. Plants are vigorous, upright growers and flower stems are long and sturdy. Selected, 2-yr., No. 1 plants, **WILL BLOOM THIS SUMMER, \$1.50 each; 3 for \$3.75.** (West of the Rockies add 5c per plant for extra postage.)

MIDDLEBURY, INDIANA

In the Hope That It
Will Help YOU to
Make YOUR HOME
More Beautiful

Middlebury, Indiana,
November 2, 1949.

Dear Friends:

Above is shown a photograph of the cover of our latest book of Garden Information. This new book contains the answers to most of the questions asked us about gardening during the past forty years.

Just off the press, it contains 64 pages and actual size is approximately twice the size of the photo above.

It not only tells you what and where to plant, but also how and when to plant it. It covers practically all information needed to beautify your home grounds and lawns.

Shows you the proper usage and planting methods for Shade Trees, Evergreens, Shrubs, Roses, Perennials, Vines and Fruits of all kinds.

Classifies plants as to height, color of blooms and foliage and usual blooming season. Lists all plants that grow in shaded locations.

More than 35 complete plans are shown, including those for Foundation Plantings, Screens, Perennial Beds and Borders, and Rose Gardens of various shapes and sizes.

Published by us at a cost of much money, time and effort, it will be mailed to any interested customer or friend for only 25c in coin or stamps to pay postage and handling.

Order your copy of this helpful book today.

Very sincerely yours, VERNON H. KRIDER.

SHIPPING CHARGES

All items in this catalog, with the exception of evergreens, shade trees, fruit trees and a few of the larger ornamental trees, are sent PREPAID to all points East of the Rocky Mountains, by either parcel post or express. West of the Rockies additional postage is necessary and each catalog page carries a note stipulating the amount to be sent for such additional postage charges. (We reserve the right to make shipment by the method we deem best to assure safe arrival.)

The shade, fruit, ornamental and evergreen trees mentioned above are sent with shipping charges collect and you pay them to your postman or express agent on arrival.

COMPARE OUR PRICES with others and then figure that you save approximately another 10% by having stock sent PREPAID, and then you will realize the amount you can save by buying and planting Krider Stock.

FREE Planting Instructions —

With each order shipped we enclose a copy of "Krider's Planting Pointers." This helpful folder will give you much assistance in properly planting and caring for your plants.

GENERAL INFORMATION

LOCATION: Nursery and offices are located at Middlebury, Indiana. We are just north of U. S. Route No. 20, 15 miles east of Elkhart, Ind. Indiana State Route No. 13 passes within 2 blocks of our office.

CLAIMS: All claims for shortages must be made within 10 days of the receipt of the entire order. Many times orders are sent in more than one shipment, with a note in earlier shipments that more is to follow. Wait until last shipment arrives before claiming shortages of stock.

REMITTANCES: Make all remittances by post office money order, bank money order, express money order, draft or check. Please do not send stamps or cash unless absolutely necessary and then register your letter. We cannot assume any responsibility for remittances lost in the mail while enroute.

REFERENCES: First State Bank, Middlebury, Ind. Dun and Bradstreet, Inc., 290 Broadway, New York.

ALL OF OUR STOCK IS STATE INSPECTED AND EACH SHIPMENT SENT OUT CARRIES A COPY OF OUR STATE INSPECTION CERTIFICATE

NURSERY STOCK GUARANTEE

We guarantee that each plant shall be true-to-name, otherwise we will replace free of charge or refund purchase price of any proven not to be so. We guarantee that each plant shall be of a size and quality as described in this catalog, and that plants will reach the customer in good condition.

IF YOU ARE NOT SATISFIED WHEN YOUR ORDER REACHES YOU, RETURN STOCK AT ONCE AND WE WILL REFUND YOUR MONEY TOGETHER WITH ANY TRANSPORTATION CHARGES YOU HAVE PAID. AFTER STOCK IS ACCEPTED AND PLANTED IT IS ASSUMED TO BE SATISFACTORY. Remember, a plant is a living thing, the same as any animal or human being. It feeds, drinks and breathes, and is subject to attacks by insects, diseases and drought; hence we do not guarantee growth of plants after planting, except patented Rose varieties.

Stock lost after planting will be replaced at one-half the price paid the following season, provided we are notified of such losses by July 1st after planting. This one-half price only covers digging, packing and handling charges in making replacements.

If stock reaches you in damaged condition, have postmaster or express agent sign a receipt to this effect, as this will enable us to recover damages.

It is mutually agreed between customer and ourselves that we can not be held liable for any greater amount than original price of stock, and that in case of our inability to supply any item, or items, ordered, that the refund of amount sent for such items shall relieve us of any further liability.

Always Keep a Copy of Your Order for Checking When Plants Arrive

GIFTS FOR EARLY ORDERING

YOU MAY SELECT \$2.00 WORTH OF STOCK FROM THIS BOOK WITHOUT CHARGE WITH AN ORDER AMOUNTING TO \$10 OR OVER and SENT TO US BEFORE MAR. 15

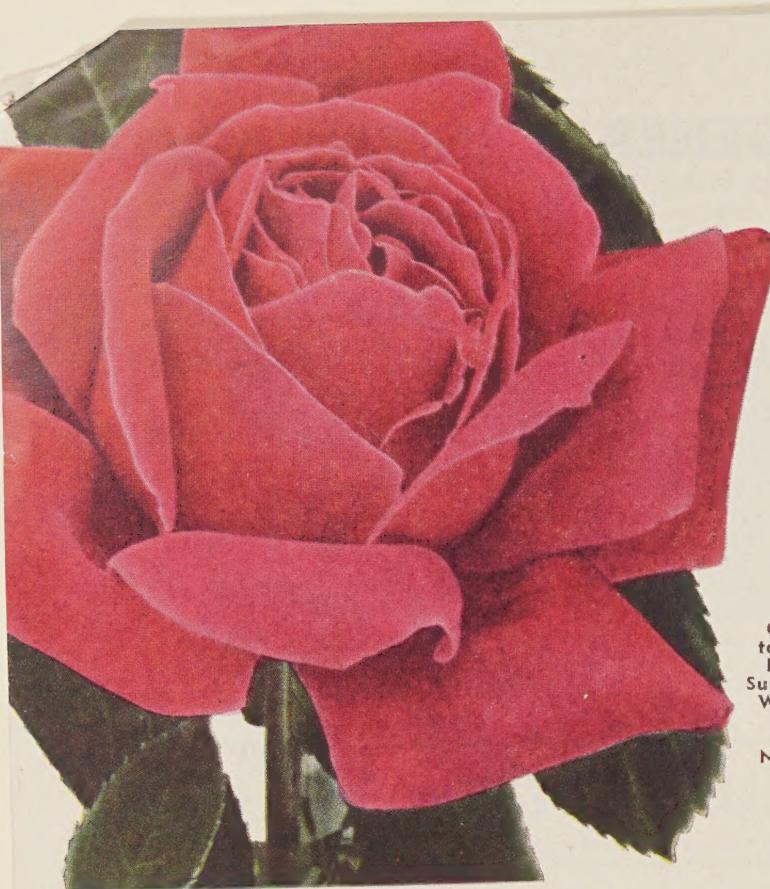

— PLEASE NOTE —

The earlier you get your order in to us the better. This enables us to take care of the necessary clerical work on orders during the winter before the rush of the spring shipping season. This amounts to a saving with us and we are glad to show our appreciation by allowing you to select GIFTS.

Remember these gifts apply only to cash orders of \$10.00 or over, and your order must be postmarked March 15th or before. Gift stock must be listed and sent in with your original order as it is impossible for us to hunt out orders and attach lists of gift stock after orders are filed for shipping. Any orders listing gift items which are postmarked after March 15th will be shipped without gift stock. The premiums are given for early orders and those coming in when the shipping season has opened cannot be classified as early orders. Gift stock may be selected from any items in this book.

Charlotte Armstrong, AARS Winner 1941

CHARLOTTE ARMSTRONG Pat. No. 455

A real Rose aristocrat that produces a profusion of richly scented, coral-rose blooms on erect, vigorously growing plants. Foliage is rich green and abundant. Stems are long and wiry, lending perfect support to the exquisite blooms. Long, pointed buds unfold slowly and as blooms age they acquire a soft coral-pink shading. **2-year, No. 1 plants, \$1.50 each; 3 for \$3.75.**

**Special! AARS
ROSE COLLECTION**

8 2 of each of the four AARS Award winning Roses as shown on this page. A \$13.00 value in four of America's Finest Roses. Bloom this summer. (For individual variety prices see variety descriptions)

PEACE Patent No. 591

Adjudged by experts to be one of the greatest Roses of all time. Magnificent large, very double blooms ranging in color from deep yellow in bud, to cream-yellow with cerise-pink edging as the petals unfold, and finally an alabaster shade on fully open blooms. Not unusual for one to count 5 or 6 different shadings in blooms on a single plant. Bushes are massive and sturdy in growth with tough, leathery, dark green foliage. Plants bloom from June until freezing weather, producing exhibition quality flowers in abundance. **2-yr., No. 1 plants, \$2.00 each; 3 for \$5.00.**

TAFFETA Patent No. 716

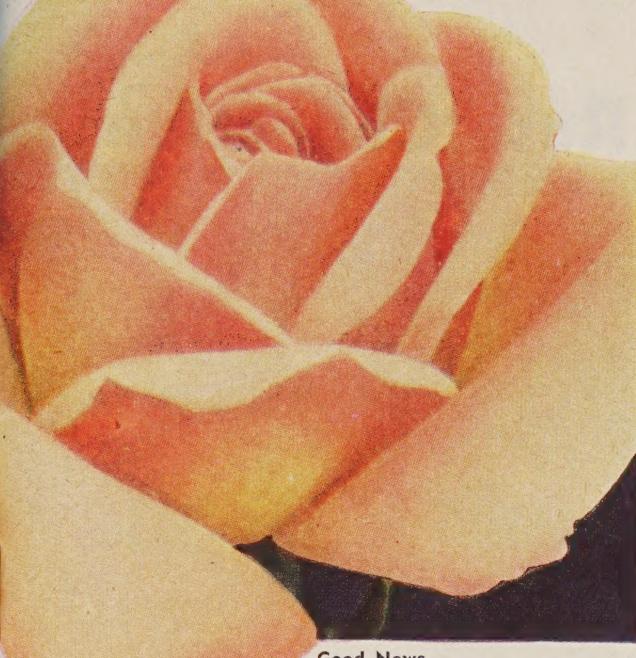

A striking new Rose noted for the great number of perfectly formed, long slender buds in rich salmon and pink tones which the plant produces constantly throughout the season. A Rose of many color combinations, it is difficult to name one which predominates as various shadings and blendings of pink, apricot and begonia-rose appear at times. Plants are vigorous and upright with large dark green leaves. Well adapted to all sections of the country. **2-yr., No. 1 plants, \$1.50 each; 3 for \$3.75.**

MIRANDY Pat. No. 632

Rich, glamorous, deep crimson blooms open from long, pointed, ovoid buds. Excellent foliage is heavy in texture and covers the erect, symmetrical branches. Bush is vigorous and sturdy, generally reaching about 30 to 36 inches in height. Very penetrating Damask fragrance. Specially fine for cutting as the buds will open slowly into gorgeous 50-petaled blooms. **2-yr., No. 1 plants, \$1.50 each; 3 for \$3.75.**

CRIMSON GLORY Plant Patent No. 105

Enormous double blooms of deep vivid crimson. Long, pointed buds which open slowly. Large, sturdy bushes produce an abundance of extremely fragrant blooms. Foliage plentiful and healthy. A real Rose in every sense of the word and a valuable addition to every garden. Nice, 2-yr., No. 1, field-grown and budded plants, \$1.35 each; 3 for \$3.40.

GOOD NEWS Plant Patent No. 426

Buds are deep copper-pink and open into gorgeous, large, double blooms with a coppery center blending to shell-pink on the outer petals. Richly fragrant. Blooms almost continuously throughout the summer and fall until freezing weather. Sturdy, healthy plants with fine foliage and habits. A truly fine Hybrid Tea. 2-year, No. 1 plants, \$1.50 each; 3 for \$3.75.

Beautiful Borders and Hedges Can Be Yours With Hardy, Flowering Shrub Roses

SHRUB ROSES

USE THESE COLORFUL, HARDY SHRUB ROSES FOR PROTECTIVE HEDGES

ROSE HUGONIS GOLDEN ROSE OF CHINA

The Rose Hugonis or Golden Rose of China, is exceptionally good for flowering borders or hedges where unusual hardiness and ability to withstand difficult conditions are the controlling factors. Grows to a height of about six feet with spreading, extremely thorny branches. Keeps off trespassers and provides a tight, animal proof hedge or border. Will grow and thrive under the most extreme conditions and produces its single, golden yellow blooms in greatest profusion in early summer. **Nice, 2-year plants, 90c each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50; 25 for \$14.50; 100 for \$55.00.**

All are postpaid East of the Rocky Mountains. West of the Rockies add 5c per plant for extra postage charges.

NOTE: Plant 24 inches apart for flowering border; 18 inches apart for dense hedge.

Close-Up Of Rose Hugonis Blooms

Something New and Different in Shrub Roses

CREPE MYRTLE FLOWERING SHRUB ROSE

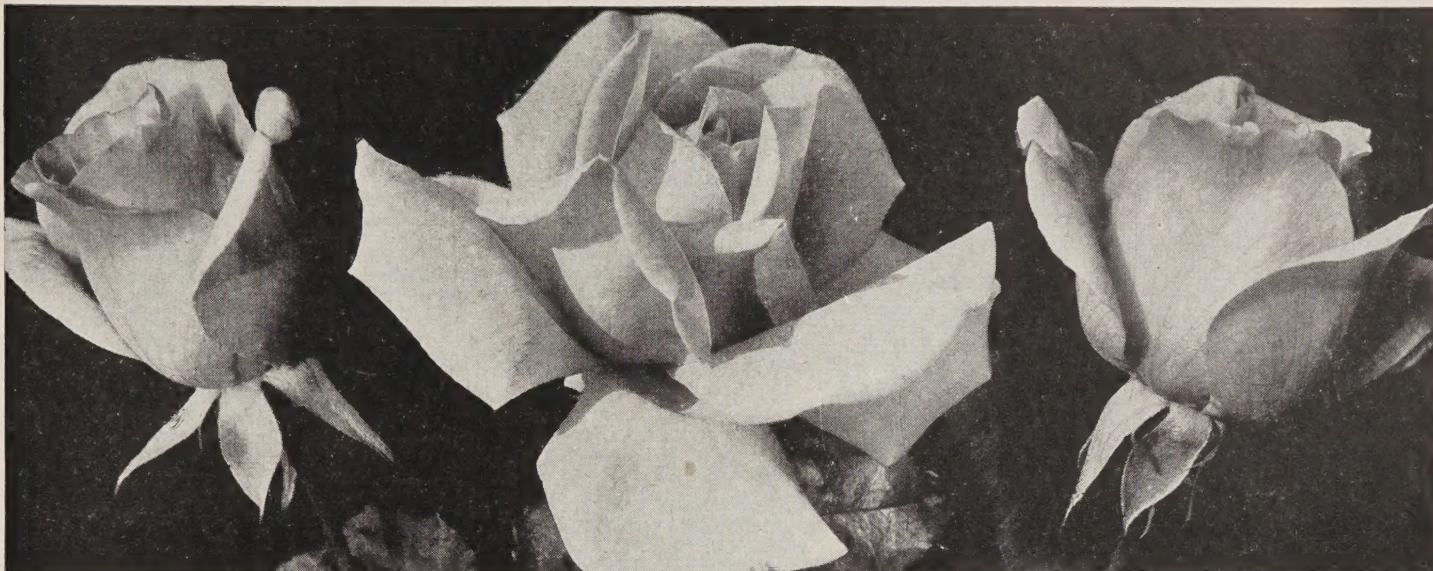

As its name indicates, it grows in the form of a sturdy shrub, reaching a height of 4 to 6 feet in the North and Mid-West, taller in the South. Heavy canes grow upright and are extremely thorny. This feature makes this an ideal plant for an informal hedge. Keeps off trespassers and makes a thick screen to insure privacy for outdoor living areas. Also fine for specimen plants at the corners of a flower or Rose garden. Flowers are of good size, fragrant and have an exquisite shimmering pink color. While not classed as a strictly double Rose, yet its wavy edged petals give the blooms a double effect and leave nothing to be desired in bloom form. Bush is very hardy and may be kept trimmed at the desired height and in the desired shape. **Nice, 2-year plants, 90c each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50; 25 for \$14.50; 100 for \$55.00.**

Postpaid East of the Rocky Mountains. West of the Rockies add 5c per plant postage.

(NOTE: Plant 24 inches apart for flowering borders; 18 inches apart for dense hedge.)

ROSES ESPECIALLY ADAPTED TO COLD CLIMATES

FOR ABUNDANT BLOOM UNDER ADVERSE CONDITIONS, USE RADIANCE ROSES PROLIFIC MONTHLY BLOOMERS; THEY ARE STURDY GROWERS. IDEAL FOR COLD CLIMATES AS WELL AS HOT REGIONS

The Radiance family is not given enough attention by modern Rose growers.

Absolutely hardy and dependable, they will thrive and produce quantities of bloom where other Roses fail. Unexcelled for colder climates. Grow stronger and continue to flower year after year with minimum attention. Every garden should have a few of the Radiance Roses.

Multiflora Roses—Ideal for Farm Hedges and Living Fences—Vigorous, Hardy, Easy to Grow

For Living Farm Fences—

THE MUCH PUBLICIZED, HARDY MULTIFLORA ROSES

Ideal for Farms—Grow Quickly Into Dense, Stock-Proof Fences—Beautiful and Practical

Most of you have no doubt read the articles appearing in various magazines during the past year recommending the Multiflora Roses for use on farms and suburban property. This is the type of Wild Rose understock on to which Hybrid Tea Roses are budded. It grows prolifically and is hardy in the most extreme situations. Seems to withstand cold and drought and thrive in poor soil. It is the answer to your search for something to make a living fence which will, when matured, be practically stock or trespasser proof. The branches grow spreading and tightly massed. The thorns add to its effectiveness in turning trespassers away. Grows rapidly and quickly forms a dense fence or hedge. May be trimmed if desired. Plant 12 inches apart for a dense, tight fence or hedge; 18 to 24 inches apart for a property line fence or looser hedge. Blooms with single Wild Rose type flowers.

SPECIAL RADIANCE ROSE COLLECTION

3 One of each, or your choice of Red Radiance, Pink Radiance and Salmon Radiance. Three fine Roses which will produce a plentiful supply of beautiful, fragrant blooms all summer long. **\$2.50**

YOUR CHOICE OF RED, PINK OR SALMON RADIANCE
90c each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50;
25 for \$14.50; 100 for \$55.00.

All are Postpaid east of the Rocky Mountains. West of the Rockies add 5c per plant for extra postage charges.

ADDITIONAL ROSES FOR COLD CLIMATES

HARDY PERPETUALS WHICH ARE NOTED FOR RUGGEDNESS—

Also Ideal for Flowering Hedges and for Use With Shrubs in the Border

PAUL NEYRON A perpetual without thorns. A very strong grower, producing probably the largest blooms of any Rose. Fragrant, and color is a beautiful clear pink. Very hardy and will grow in locations and climates where other Roses fail. Excellent to use in combination with shrubs for borders.

FRAU KARL DRUSCHKI Sometimes called "White American Beauty." Extremely sturdy and prolific in growth and bloom. Large double blooms of waxen white, each perfect in form. One of the most valuable Roses for colder climates or difficult growing locations.

RED GROOTENDORST Red flowering Rugosa which is ideal for hedges or use with shrub plantings. Exceptionally hardy and strong grower. Small double blooms in clusters. Bright red.

PINK GROOTENDORST Same habits and characteristics as Red Grootendorst except color is a lovely silvery pink.

YOUR CHOICE OF ABOVE VARIETIES: 2-yr., No. 1, field-grown and budded plants, 90c each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50; 25 for \$14.50; 100 for \$55.00. All Postpaid east of Rocky Mountains. West of Rockies add 5c per plant for extra postage charges.

Grow Readily, Thrive Under Most Adverse Conditions, Withstanding Cold and Drought.

MULTIFLORA PRICES

Well Rooted, Sturdy Plants
10 for \$2.50; 25 for \$5.00;
50 for \$8.00; 100 for \$12.50.
(Not Less Than 10 Plants Sold.)

Postpaid east of the Rocky Mountains. West of the Rockies add 3c per plant for extra postage charges.

KRIDER'S FAMOUS ALL-AMERICAN ROSE COLLECTION for Spring 1950 ALL ARE EVERBLOOMING HYBRID TEAS

This All-American Collection of Roses is not to be confused with the selections annually made by The All-America Board which selects outstanding new varieties of Annuals, Perennials, Roses, etc.

This is our own All-American Collection, which we have offered each spring since 1935, and is made up of eleven of the outstanding Roses of America. Each year we travel thousands of miles checking and observing the performance of different Roses. Varieties must have thoroughly proven themselves before being included in this group.

ALL-AMERICAN COLLECTION

THE ELEVEN ILLUSTRATED ON THESE TWO PAGES

One of each of the eleven splendid Hybrid Tea Roses shown on these 2 pages. All are 2-yr. No. 1, field grown and budded plants.

2 Collections (22) ... \$13.00

4 Collections (44) ... 25.00

All Postpaid east of Rocky Mountains. West of Rockies add 5c per plant for extra postage.

YOUR CHOICE: 90c each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50; 25 for \$14.50; 100 for \$55.00.

We believe this collection consists of 11 Roses which will give the average Rose grower complete satisfaction no matter what state he lives in. It is our All-American group selected by us for the following reasons:

First—Because of the wide range of colors. Practically every color known in the Rose world is represented in this collection.

Second—Because they are hardy in all sections of the country. Even in far northern climates they do well if given average winter protection.

Third—Because they are offered at a price which all America can afford. No premium prices are asked for these splendid Roses.

The Doctor

YOU WANT YOUR ROSES to GROW and BLOOM SATISFACTORILY—SO DO WE... PAY PARTICULAR ATTENTION to the INSTRUCTIONS BELOW

HOW TO GROW ROSES SUCCESSFULLY

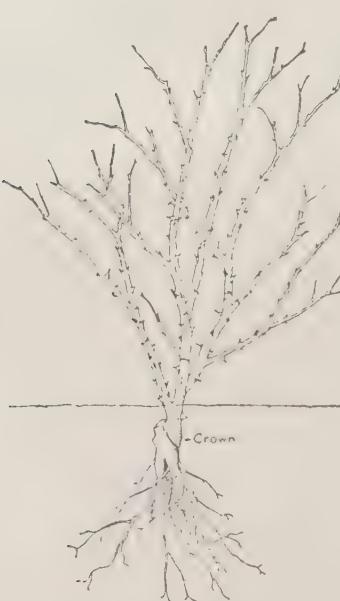

Consider these simple instructions and you will have little difficulty in growing beautiful Roses.

Rose bed should be in a sunny location and the soil should be of good garden grade and well drained. Fertilizer or well-rotted manure should be thoroughly worked into the soil as the bed is spaded.

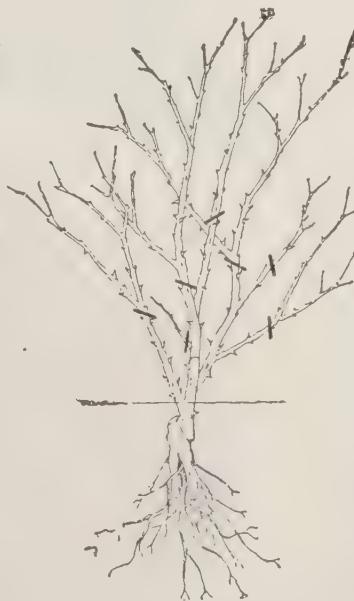

Unpack and plant Roses as soon as received from the nursery if at all possible. If you cannot plant at once, unwrap the plants and heel them in the ground until ready to set in their permanent places. Never throw package into the basement or garage and leave for several days and then expect to find plants in perfect condition when unwrapped.

In planting, set the plants with the bud, or joint, just above the roots, about $1\frac{1}{2}$ inches below the surface of the soil. Have holes large enough to avoid crowding of the roots and be sure soil used for filling in is finely pulverized. Tramp soil firmly a couple of times as the hole is filled and leave a slight depression around each plant to retain water.

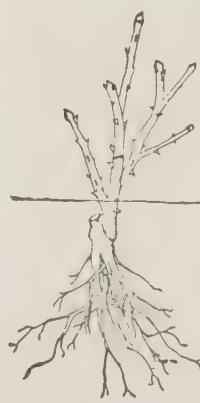

As soon as planting is completed see that all plants and the soil around them is thoroughly soaked with water. Cut back all canes to a length of 4 or 5 inches at planting time. This is very important as the root system of a newly transplanted Rose bush will not be able to leaf the canes to their entire length and many times plants will simply die in trying to do so.

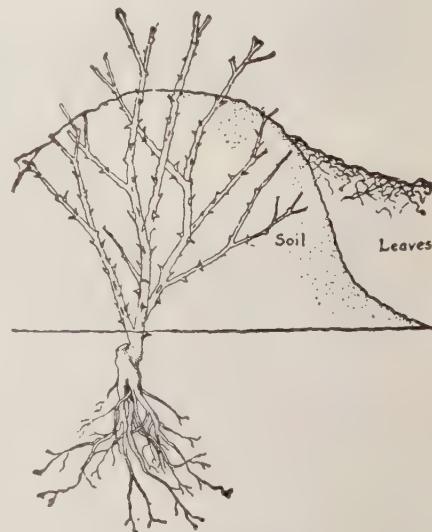

Set Plant With Bud or Joint
 $1\frac{1}{2}$ Inches Below Surface of Soil

Cut Back All Canes as Shown
by Black Lines

A Properly Set
and Properly
Trimmed Rose

Method of Hilling Up Soil
for Winter Protection

If some plants appear dead and refuse to leaf out within a reasonable length of time after planting, try covering them with a piece of wet burlap. Soak the burlap with water two or three times daily and leave over the plant for 48 hours. This will make most of them start leafing very soon. Some varieties seem to be slower than others in starting and we find that the above method will sometimes literally bring out plants that appear to be brown and entirely dead. Try it, and you will be amazed at the results.

Keep the Rose planting well watered at all times when there is no natural rainfall. A reasonable application of fertilizer applied twice during the summer months, with an interval of at least 30 days between applications, will induce added growth and extra quality in blooms.

Allow 18 to 24 inches between plants when figuring the number of plants needed for a bed.

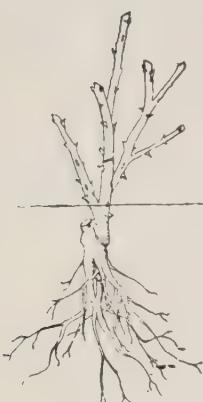

Each succeeding spring all canes should be cut back to the 4- or 5-inch height as stated above. This causes strong new growth and abundant bloom to develop.

For winter protection in cold climates, hill the dirt up around each plant to a height of 8 to 12 inches in late fall before the ground freezes. Level off as soon as danger of hard freezes is over in spring and cut plants back as directed.

All our Hybrid Tea Roses are budded on Multiflora. Once in a great while a shoot from this Multiflora will come up from below the bud. These wild shoots are easily distinguished by their rampant growth and their groups of 7 leaves to a stem. Dig down around the plant and cut the wild shoot off close to the root. This will prevent its growth, which otherwise would soon kill off the true-budded Rose variety. These shoots rarely come up but it is well to inspect your plants occasionally to be sure.

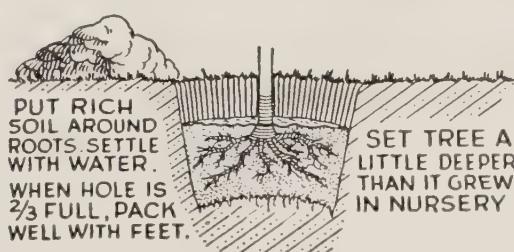

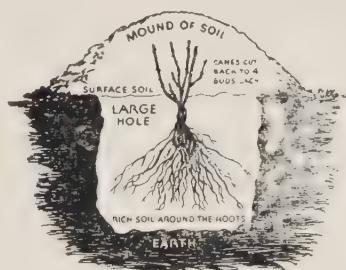

CONSIDER THESE HELPFUL PLANTING DIAGRAMS

And Raise Better Plants of All Kinds—Correct Planting is Important

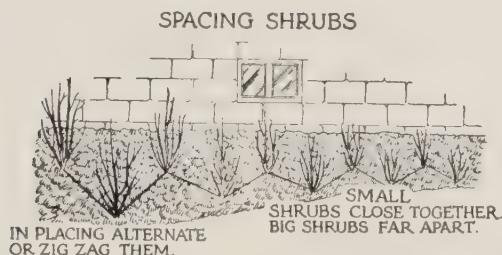

At left: A correctly planted and cut back Rose bush. Note bud joint $1\frac{1}{2}$ inches below ground surface. Cut back at planting and each spring thereafter.

At right: Have hole large to avoid root crowding. Mound up soil for winter protection.

Correct planting of trees and shrubs of all kinds. Keep well watered, especially first season. Fertilize each spring.

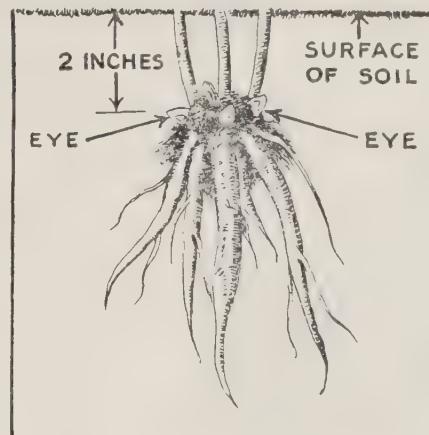

PLANT THREE OR MORE OF A KIND TOGETHER.

Set large shrubs $3\frac{1}{2}$ to 4 feet apart; medium growing 2 to 3 feet apart; and low growing $1\frac{1}{2}$ to 2 feet apart. Keep oldest growth cut out and entire shrub shapely by yearly pruning.

Plant Privet and similar hedge plants 10 inches apart; Barberry 18 inches; Spirea 18 inches; Honeysuckle 20 to 24 inches; and Evergreens and Chinese Elm 24 inches.

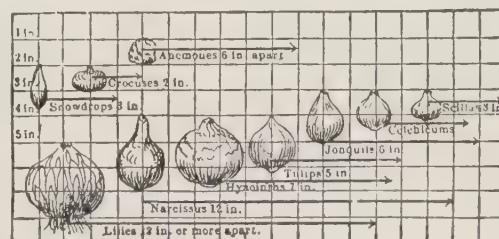

Plant all Peonies as shown in the drawing at left. This is very important as Peonies may never bloom if planted too deep. Soil must be well drained and fertile.

Plant all Perennials in rich, deeply spaded garden soil. Keep well but shallowly cultivated. Addition of fertilizer each spring helps promote better growth and blooms. Keep well watered.

Correct planting depths for the various perennial root types.

Correct planting depths for bulbs of various types. Save for reference when planting this fall.

Correct Strawberry planting; crown at ground level; roots well spread.

NOTE: See page 61 for Boysenberries and Blueberries; page 62 for Raspberry and Blackberry culture.

ROSE TREE OF CHINA

(PRUNUS TRILoba)

Dwarf Ornamental Tree—Ideal for Corners of Rose Garden.

Wonderful dwarf variety of the flowering family. Blooms early in the spring before the leaves appear. The small tree seems decked with garlands of double flowers, pink in color. Excellent for Rose garden corners. Very good for border or for specimens. Grows 8 feet high.

3- to 4-ft. trees, \$1.75 each; 4 for \$6.00.

Postpaid east of Rocky Mountains.

West of Rockies add 10c each.

"FESTIVAL"

The \$10,000.00 Rose

"Festival"! is indeed the \$10,000.00 Rose. We paid the owner of the Plant Patent on this remarkable Rose the sum of \$10,000.00 for the Patent. This is by far the largest sum ever paid for the patent rights on any Rose.

"Festival"

BUSH "FESTIVAL" PLANT PAT. 545 and
"CLIMBING FESTIVAL" PLANT PAT. 687

ROSES WITHOUT THORNS

If you want a really new and thrilling experience in Rose growing then you will want to grow a few plants of these Roses. Imagine being able to walk among the plants in your Rose garden without snagging your clothes or scratching your flesh. Imagine cutting an armload of blooms and not having a single thorn to prick your fingers or arms. Imagine a bush producing bright red, fragrant, very double blooms prolifically from June until freezing weather. Then you have an idea of what to expect from "Festival." The Climber produces an immense crop of brilliant red blooms in June and throws occasional repeat blooms throughout the summer, however, like all Climbing Roses, it blooms on the two-year wood. Each spring remove all but three of the best canes produced the previous year, cut these remaining canes back about one-third, work some good fertilizer into the soil about the plants and you will be rewarded with a magnificent Climber. **No thorns** to bother you when pruning or working around them; **no thorns** to tear your skin when cutting.

OUR PLANTS HAVE PLEASED OTHERS

THE UNSOLICITED TESTIMONIALS BELOW WERE TAKEN AT RANDOM FROM THOUSANDS OF SIMILAR ONES IN OUR FILES. They Speak for Themselves

Krider Nurseries, Inc.,
Middlebury, Ind.

Gentlemen:

My order that I received from you was extra fine and I am more than satisfied and will surely recommend your stock to anyone. Thanking you very much for your prompt delivery.

Pittsburgh 4, Penna.
March 25, 1949

West Frankfort, Ill.
March 27, 1949

Krider Nurseries, Inc.,
Middlebury, Ind.

Gentlemen:

Just a line to let you know of my wonderful success with the Roses I ordered from you last spring. They were the envy of all who saw them. I have bought many Roses but none as nice as Krider's.

Yours truly,
MRS. J. S.

Krider Nurseries, Inc.,
Middlebury, Ind.

Dear Sirs:

My Roses came in the pink of condition. I planted them according to your instructions and feel sure of a fine Rose garden. The smallest bush was larger than I expected the largest bush would be. I have wanted a Rose garden all my life, now at the age of 72 years I have it.

Thanks,
MRS. W. J. B.

Krider Nurseries, Inc.,
Middlebury, Ind.

Gentlemen:

Stock arrived in A-1 condition and I am very pleased with my order.

Yours very truly,
F. S.

Krider Nurseries, Inc.,
Middlebury, Ind.

Gentlemen:

Just a line to thank you for the extra fine nursery stock I received yesterday. It looked like it had just been dug. I will never order nursery stock from any other nursery. It will always be Krider's. Thanks a thousand times for the fine stock and for wrapping the package so carefully.

Very truly yours,
MRS. E. R.

Krider Nurseries, Inc.,
Middlebury, Ind.

Dear Sirs:

Received my nursery stock a few days ago and wish to tell you they have all pleased me beyond expectation. I am a new customer and a pleased one and you may be sure you will receive orders from me in the future.

Gratefully yours,
MRS. F. W.

Krider Nurseries, Inc.,
Middlebury, Ind.

Gentlemen:

My Roses arrived yesterday. They sure are wonderful plants. I put them in this morning. That sure was fast service. Thank you.

MRS. Wm. T. M.

Krider Nurseries, Inc.,
Middlebury, Ind.

Gentlemen:

Thank you for the splendid plants I received from you yesterday. They were fine husky plants and generous count, all of which I appreciate fully.

Cordially,
MRS. B. M. S.

McDonald, Ohio

SPECIAL! Very Limited Quantity "ROSE EVANGELINE" (MRS. BESSIE LOMAX'S DUDLEY CROSS)

Beautiful Creamy White with Blended Pink
Edging on Each Petal—Canes are
Practically Thornless

From the Land of Evangeline comes this rather remarkable Rose. A single specimen plant was found in Louisiana and from it we have grown a limited number of plants to offer our customers this spring. Those grown here in Northern Indiana the past two years have proven to be hardy and have bloomed abundantly each summer. Rather spreading in habit of growth, the canes are free from thorns and grow vigorously. Blooms are of medium size, double and fragrant. Color is rather elusive of description as the buds have a distinct deep pink color outside but as they open the inside of the petals are a creamy white with a blended pink blush on the outer edges. The general shading is very similar to that of the Rose "Peace." If you want something a bit different in Roses you will appreciate this one. It is an everblooming Hybrid Tea and buds open slowly indoors when cut.

Nice, 2-yr., field-grown and budded plants, as long as they last, \$1.25 each; 3 for \$3.15; 6 for \$6.00. Postpaid East of the Rocky Mts. West of the Rockies add 5c per plant for extra postage charges.

Krider Nurseries, Inc.,
Middlebury, Ind.

Dear Sirs:

The Roses and Phlox were received some time ago. We planted them the same day and hilled up the Roses. They were fine plants. So pleased you sent them early.

Very truly yours,
MRS. J. L. B.

Krider Nurseries, Inc.,
Middlebury, Ind.

Dear Friends:

Received the 20 Roses yesterday. I am so much pleased with them that I just had to write to you and say that I didn't expect such large plants and the way they were packed is sure swell. I tell every one what wonderful stock you have and I also want to thank you for the extra plants you sent me. Will give you another order in the future.

Yours truly,
N. S.

New York City 35, N. Y.
April 19, 1949

Krider Nurseries, Inc.,
Middlebury, Ind.

Dear Mr. Krider:

I received my order and I want to give you my compliment on the packing. It was 100%. All the plants are in good condition.

Thank you,
K. J. O.

Covington, Ind.
April 19, 1949

Krider Nurseries, Inc.,
Middlebury, Ind.

Dear Mr. Krider.

Just a word to let you know that I received my Phlox plants the 16th, and what fine plants they were. Such large, healthy root growth and I am very well pleased, and I trust in the near future to be able to buy more plants from you.

Very truly yours,
MRS. C. P.

Knoxville, Tenn.

Krider Nurseries, Inc.,
Middlebury, Ind.

Dear Sirs:

My order arrived in fine shape and am very pleased with quality and wish to thank you for the extra plants, they are sincerely appreciated. I am sorry I distributed my orders this spring to different nurseries as your stock seems so superior. In the future I will confine my purchase to Krider's whenever possible. Thank you.

A. C.

Washington 20, D. C.
April 27, 1949

Krider Nurseries, Inc.,
Middlebury, Ind.

Dear Sirs:

I received both my orders, the one from March and the last one from April in excellent condition. The Rose bushes that were in the first order were planted and are already producing fine leaves as compared to Rose bushes ordered simultaneously from another nursery which do not have a leaf on the plants. In the future my orders will be sent to you and will gladly refer my friends to your company. Thank you so much for the gift plants, they are greatly appreciated.

Very truly yours,
D. E. S.

Peoria, Illinois
April 26, 1949

Krider Nurseries, Inc.,
Middlebury, Ind.

Dear Sirs:

I want to thank you kindly for the splendid way in which you took care of my order. The Roses and shrubs are very outstanding. What I mean, big healthy stock and in perfect fresh condition. I have been ordering nursery stock for more than 30 years from some of America's leading nurseries, paying far more than you ask for your stock and I am happy to tell you this order I received today is the best I have ever received. I shall be glad to recommend you to my friends and from now on you shall receive all my orders.

Sincerely yours,
G. F. B.

Webb City, Mo.

Exceptionally Fine Patented FLORIBUNDA ROSES

USE THESE SPLENDID VARIETIES LIBERALLY FOR COLORFUL BEDS

ALL ARE 2-YEAR., No. 1, FIELD-GROWN AND BUDED
PLANTS—WONDERFUL BEDDING ROSES FOR
CONTINUOUS SUMMER BLOOM

"GOLDILOCKS"

U. S. Plant Patent No. 672

A new Floribunda in rich golden yellow. The perfect little buds come in masses and the open flowers are very double and long lasting. The abundance with which Goldilocks produces bloom continuously from spring until freezing fall weather is amazing. Hardly ever a day that you cannot get all the golden buds you want for cutting. Make exquisite arrangements and last well after cutting. Plants are very hardy and grow vigorously in most any section of the country. Reach 18 to 24 inches tall. 2-yr., No. 1 plants, \$1.50 each; 3 for \$3.75; 12 for \$15.00; 25 for \$28.15.

"PINOCCHIO"

U. S. Plant Patent No. 484

Known as the most prolific of bloomers. Always in bloom from June until fall freezes. Flowers come in great clustering sprays making them ideal for cutting and floral arrangements. Buds are perfect in form, richly colored a deep salmon flushed with gold at the base, and open very slowly into 1½ inch blooms so perfect they are really miniature Tea Roses. Planted in a bed, they make a flower garden by themselves. Plants are extremely hardy and vigorous in growth. Reach 20 to 24 inches in height and always in bloom. 2-yr., No. 1 plants, \$1.25 each; 3 for \$3.15; 12 for \$12.50; 25 for \$23.45.

Prolific Floribunda "Pinocchio"

"DONALD PRIOR"

U. S. PLANT PATENT No. 337

Almost too well known to need description, are the two Floribundas: Donald Prior and Betty Prior. Exceptionally vigorous and sturdy in growth, succeeding under the most difficult conditions. Donald Prior produces good sized, rich red blooms continually from early summer until late fall. Petals are wavy and blooms come in large clusters. 2-yr., No. 1, field-grown plants, \$1.25 each; 3 for \$3.15; 12 for \$12.50; 25 for \$23.45.

"Donald Prior" Bright Red Floribunda

WHAT ARE FLORIBUNDAS?

Floribundas are an entirely different and distinct group of Roses. They are extremely hardy, doing well under the most adverse conditions. They are the most prolific of bloomers. Floribundas start blooming very early in June in mid-western areas and continue to produce constantly until freezing weather. In this respect they resemble the Polyanthas; however, their blooms are more like the Hybrid Teas in form. Size of flowers depends on variety but many of them are almost as large as those of regular Hybrid Teas. They grow vigorously with canes from 20 to 30 inches in height, according to variety. Floribundas are one of the best plants we know of for bedding and for borders. Their foliage is attractive and not easily subject to diseases, and their constant blooming habit makes them desirable wherever a long and colorful flowering season is needed.

Goldilocks

"BETTY PRIOR"

U. S. PLANT PATENT No. 340

Companion to Donald Prior described at left, except that Betty Prior has a sparkling pink color resembling that of Pink Dogwood. Blooms form and open almost constantly throughout the summer. Individual flowers are fair sized and come in large clusters. Vigorous plants grow to 36 inches in height and even taller under ideal conditions. Unexcelled for colorful hedges or large beds where plenty of bloom is desired. 2-yr., No. 1, field-grown plants, \$1.25 each; 3 for \$3.15; 12 for \$12.50; 25 for \$23.45.

"Betty Prior" Silvery Pink Floribunda

PATENTED FLORIBUNDA ROSE COLLECTION

8 Two of Each of the Exceptionally Good Floribundas Shown on This Page. All 2-Yr., No. 1 Plants, Bloom This Summer. For Individual Variety Prices See Descriptions. **\$8.90**

4 One of Each of the Outstanding Floribundas Shown on This Page. A \$5.25 Value in Continuous Beauty. 2-Yr., No. 1 Plants Which Will Give You Hundreds of Blooms This Summer. See Descriptions for Individual Variety Prices. **\$4.65**

3 of each (12) \$13.25; 6 of each (24) \$26.25
All 2-Yr., No. 1, Field-Grown and Budded For Quantity Prices by Variety See Descriptions

All postpaid East of the Rocky Mts. West of the Rockies add 5c per plant for extra postage.

Brilliant Orange-Red Floribunda, "Cinnabar"

CHATEAU A red to end all reds. Color is so intense and so scintillating that even the wonderful red of *Etoile de Hollande* seems pale beside it, and the color holds without fading as long as the blooms last. As with other Floribundas, plants are very hardy, grow under adverse soil and weather conditions and bloom abundantly from spring until freezing in late fall. "Chateau" grows about 24 inches high and blooms have stems sufficiently long for cutting. If you want a really bright color for beds or along a drive, get this one. 2-year, No. 1 plants, \$1.00 each; 3 for \$2.75; 6 for \$5.75; 12 for \$9.00; 25 for \$16.00; 100 for \$60.00.

FLORADORA Characterized by extremely sturdy, vigorous growth and abundance of blooms. Color is a sparkling coral-orange-red in the open blooms. Buds are perfectly formed and open slowly after cutting. Not unusual for a clustering spray to have from 7 to 10 blooms open and a number of unopened buds at one time. Each plant bears literally hundreds of blooms during the long season from early June until freezing fall weather. Both for massed plantings or for cutting plants you will find Floradora one of the hardiest, freest flowering plants you've ever grown. 2-yr. No. 1 plants for bloom this summer, \$1.25 each; 3 for \$3.15; 6 for \$6.00; 12 for \$11.00; 25 for \$20.00; 100 for \$75.00.

Scintillating
Cinnabar-Red
Floribunda,
"Floradora"

FOUR EXCELLENT STANDARD FLORIBUNDA ROSES WILL GIVE CONSTANT SUMMER COLOR

HARDY AND VIGOROUS, THEIR BRILLIANT BLOOMS
ARE ALWAYS DELIGHTFUL FOR CUTTING, TOO

STURDY, TWO-YEAR No. 1, FIELD GROWN AND BUDED PLANTS—
WILL START BLOOMING 6 TO 8 WEEKS AFTER SPRING PLANTING

CINNABAR Stands cold, heat or drought and blooms from June until freezing weather. Upright in growth, reaching 18 inches or more. Color is true cinnabar or cinnamon-red. Satiny and glowing with richness, "Cinnabar" stands out like a beacon in any planting. An exquisite Rose and one you'll be proud to have in your plantings. Heavy rooted, 2-year plants which will bloom this summer, \$1.00 each; 3 for \$2.75; 6 for \$5.00; 12 for \$9.00; 25 for \$16.00; 100 for \$60.00.

Deep, Dark, Satiny Red Floribunda, "Chateau"

RED RIPPLES One of the most scintillating red Floribunda Roses we have ever seen. It is that sparkling shade which immediately stops the eye. Grows to 30 inches tall and in true Floribunda style. Buds are perfect and hold well on the plant or after cutting. Plants bloom continually from June until freezing fall weather. A mass of red through the summer months. Petals have wavy, rippling edges. Ideal for massed plantings. 2-yr. No. 1 plants, \$1.25 each; 3 for \$3.15; 6 for \$6.00; 12 for \$11.00; 25 for \$20.00; 100 for \$75.00.

FLORIBUNDA ROSE COLLECTION No. 2

8 2 of each of the 4 Floribundas shown on this page, a \$9.00 value. Ready to bloom this summer. For individual prices see descriptions \$7.75

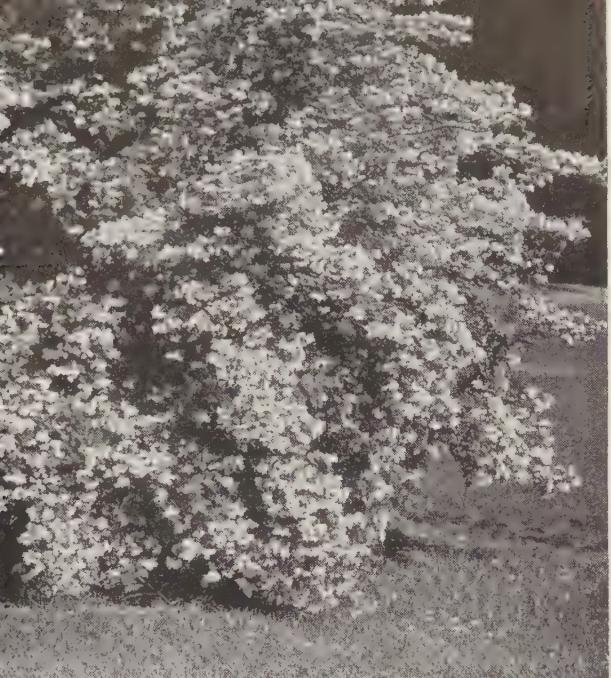

4 1 of each of the Floribundas on this page. Ready to give you blooms this summer. 2-year No. 1 field-grown plants. For individual variety prices see variety descriptions \$4.15

3 of each (12) for \$10.75; 6 of each (24) for \$19.00. All 2-yr. No. 1 plants. (For quantity prices by variety, see descriptions.)

All Postpaid east of the Rocky Mountains. West of the Rockies add 5c per plant for extra postage.

Beauty Bush—One of the Most Graceful of All Shrubs

Deutzia Lemoine—Semi-Dwarf, for Border or Hedge

Favorite Old-Fashioned Purple Lilac

SPLENDID HARDY FLOWERING SHRUBS

For the Border or for Lawn Planting

All are Sturdy, Well Rooted,
2-Yr., Field Grown, Blooming Size
Plants.

BEAUTY BUSH

(*KOLKWITZIA*)

Charming shrub introduced from China. Center stems are upright, the outer branches gracefully arching. Very attractive foliage. Blooms profusely in June. Flowers are bell-shaped, pale pink with orange veins, and are borne in long clusters along the branches. Does well in shade and grows rapidly. Nice, 2-yr. plants, 75c each; 3 for \$2.00.

SNOWBALL HYDRANGEA

(*HYDRANGEA A. G.*)

"Hills of Snow"

The beautiful "Hills of Snow" Hydrangea which does well in shaded locations. Has the large-clustered snowball-like blooms of pearly white, borne during June and July. Foliage is deep green and ornamental the balance of the season. Grows to a height of about 3 feet. 75c each; 3 for \$2.00.

DEUTZIA LEMOINE

Grows to a height of 2 to 2 1/2 feet. Trumpet-shaped white blooms are borne close to the stems, giving the appearance of flowering wands. Excellent for use where low-growing shrubs are wanted. Foliage is ornamental all through the summer. Is also splendid for low flowering hedges or borders. Very slight trimming will keep plants neat and compact. Plant 18 inches apart for hedging. Nice, 2-yr., blooming size, 60c each; 3 for \$1.60.

OLD-FASHIONED PURPLE LILAC

No other shrub has quite the place in the hearts of people than the old-fashioned Lilac has. Grows anywhere and its masses of light purple bloom in early spring are a constant delight. Fine for tall hedges, screens or specimens. No grounds complete without this fine old shrub. Grows to 10 to 12 feet tall. 75c each; 3 for \$2.00.

Don't Miss the Beautiful French
Lilacs Shown On Page 25.

FAMOUS OAK-LEAVED HYDRANGEA

A truly marvelous bushy shrub. Flowers in large creamy clusters. The dark green foliage has a silvery sheen on under side and turns to a glowing red in the fall. Grows to a height of 4 or 5 feet and is very effective as an ornamental shrub. Does well in shady locations. 85c each; 3 for \$2.25.

PERSIAN LILAC

If you love the fragrance and loveliness of blooms of the Lilacs, then you will want to add the Persian variety to your plantings. Its lacy, pinkish lavender panicles come along after the old-fashioned Purple Lilac has finished blooming. Thus the season of Lilacs is greatly prolonged. Mature plants are somewhat finer in branch texture than other Lilacs and foliage is bright green and ornamental all season. Grows readily in average soil and may be kept in bounds by trimming when desired size is reached. Nice, 2-yr. plants, 75c each; 3 for \$2.00.

Snowball Hydrangea (*Hydrangea A. G.*)
Excellent Shrub for Shaded Locations

Oak-Leafed Hydrangea—Valuable Specimen Shrub

Note Regarding Shipping Charges On All Hardy Shrubs

All Hardy Shrubs are Postpaid east of the Rocky Mountains at prices given. West of the Rockies add 5c per plant if you wish them Prepaid. Otherwise we will ship with postage or Express charges collect.

A Lacy Bloom Panicle of Persian Lilac

Dwarf Golden Leaved Philadelphus, Bright Foliage Effects

Bush of Spirea Van Houttei in Full Bloom

SPIREA VAN HOUTTEI

Without doubt one of the most useful and most widely used shrubs in cultivation. Blooming in April and May, the plant throws out long branches that curve and droop to the ground, weighted with a mass of pure white flowers that suggest a fountain of snow. May be used for specimens, massed, or for hedges. Will grow to 8 feet high if untrimmed. 60c each; 3 for \$1.60.

Oregon Holly Grape

NOTE REGARDING SHIPPING CHARGES ON ALL HARDY SHRUBS

All hardy shrubs are postpaid east of the Rocky Mountains. West of the Rockies add 5c per plant if you wish them Prepaid. Otherwise we will ship with postage or express charges collect on arrival.

RED CORALBERRY SHRUB EXCELLENT SHRUB FOR SHADED LOCATIONS

This is the greatest shrub for shady places that we have ever seen. Grows to a height of 5 feet with gracefully arching branches and lacy foliage. Blooms are followed in fall by glowing red berries, twice the size of the old Indian Currant and as red as those of the High Bush Cranberry. Don't fail to get some of these shrubs for shady locations. 2-yr. shrubs, 65c each; 3 for \$1.75.

OREGON HOLLY GRAPE MAHONIA AQUIFOLIUM

The Holly-Leaved Evergreen Shrub. Ideal for use with Evergreens, or alone, for foundation plantings. Grows to about 4 feet high in mid-western sections. Leaves resemble those of the Holly tree. Remain green through the winter then drop off in spring when other shrubs leaf out. Foliage soon comes again and remains until the next spring. Clusters of bright golden berries add to the value of the plant, presenting a colorful effect against the deep green of leaves. Hardy and does exceptionally well in shaded locations. Nice 3-yr., 9- to 12-inch plants, \$1.00 each; 2 for \$1.75; 6 for \$5.00.

Colorful Beauty In
These Ornamental
Flowering

HARDY SHRUBS

Well-Rooted, 2-Yr., Field Grown,
Blooming Size Plants, and
at Moderate Cost.

DWARF GOLDEN PHILADELPHUS

Beautiful bright golden leaves all summer long. White blooms in spring. If you want a bright colorful shrub to use in front of other plantings or to plant a clump of three on each side of a walk, this one is ideal. Grows only about 2 feet high at maturity. May be kept trimmed into a golden ball if desired. We offer nice 3-year plants running about 8 to 12 inches high. Must be planted in sun to retain its bright color. 2-year, 8- to 12-in. plants, 75c each; 3 for \$2.00.

AMERICA'S BELOVED WHITE FLOWERING DOGWOOD

Our most beautiful native flowering tree. The leaves are oval, bright green, and turn to shades of red in the fall. Early in spring the large white Dogwood blossoms come and present a sight to please the most exacting. Heavy rooted, 1 1/2- to 2-ft trees, only \$1.00 each; 2 for \$1.75.

SEE PAGE 57 FOR PINK FLOWERING DOGWOOD, IN THE TRUE BUDED TYPE.

PUSSY WILLOW

A small treelike shrub with attractive leaves two inches long and an inch wide. Its popular appeal is the conspicuous silky catkins which bud in the fall, and make those "springy" bouquets just as the snow melts in the spring. Very easily grown. 2-year, 65c each; 3 for \$1.75.

Blooms of White Flowering Dogwood

French Pussy Willow, for "Springy" Bouquets

CALYCANTHUS

SWEET-SCENTED SHRUB

A favorite in all gardens and admired for its spicy aroma. Peculiarly shaped brown blossoms during most of the summer followed by attractive seed pods. 4 to 6 feet when matured. 65c each; 3 for \$1.75.

Calycanthus—Sweet Scented Shrub

Golden Salmon—Brilliant and Effective as a Walk Edging

GRUSS AN AACHEN

One of the older varieties, but one of the most beautiful. Sparkling silvery pink blooms come in such abundant clusters that the plant appears as a colorful mound. All the Polyantha hardiness and good growing habits. Use for massed plantings or colorful beds along walks or driveways. In bloom continuously from spring until freezing weather.

ORLEANS

If you prefer a lovely pink shade for beds, etc., then Orleans is the answer. Same characteristics as other Polyanthas. You will revel in the masses of rich pink blooms which this variety produces all summer long.

EDITH CAVELL

The dark red Polyantha. Rich dark green foliage. An ideal variety for bedding or planting along the top of walls. Like all Polyanthas, it is hardy and blooms all summer. Its deep satiny red blooms are produced so freely that each plant is a small flower garden in itself.

SPECIAL! POLYANTHA ROSE COLLECTION

4 One of each or your choice of the four excellent Polyanthas on this page. For other quantities see prices below **\$3.25**

8 Two of each or your choice of the four colorful Polyanthas on this page. See prices below for other quantities **\$6.00**

Three of each (12) **\$7.50.**

(Larger amounts below.)

All Postpaid east of Rocky Mountains. West of Rockies add 5c per plant for postage.

POLYANTHA ROSES AND HOW TO PLANT AND GROW THEM

Polyantha Roses are so desirable because their uses are almost limitless. Brilliant beds along the drive or walk, edgings for other plantings or grown as specimen plants here and there about the garden, their brilliantly colored blooms give an air of gaiety from early summer until late fall. Plant them 12 to 18 inches apart for edgings, 20 to 24 inches apart in beds. Good ordinary soil is all that they require, but keep well watered the first season after planting and at any other time when dry weather demands it. Extremely hardy, they will last for years when once established. Trim back each spring to about 6 inches above the ground.

YOUR CHOICE OF THE FOUR POLYANTHAS, 90c each; 3 for \$2.50; 6 for \$4.50; 12 for \$7.50; 25 for \$14.50; 100 for \$55.00. All 2-yr.,

No. 1, Field-Grown and Budded

All Roses are postpaid East of the Rocky Mts. West of Rockies add 5c per plant for extra postage charges.

HEAVILY THIS
SUMMER

FOUR RELIABLE POLYANTHA ROSES

Unsurpassed for Edging and Brilliant Beds

2-Year, No. 1, Field-Grown and Budded Plants—
Ready to Produce Masses of Bloom All Summer Long

GOLDEN SALMON

Rich, deep salmon color which glows like bright copper when a mass of them are in bloom. Excellent foliage which seems to be resistant to disease. A riot of color all summer long. One of the brightest and flashiest Polyanthas. Use liberally along walks, for massed beds or in front of taller plantings of shrubs or Roses.

KRIDER'S ROSE GUARANTEE

We Guarantee all of our Roses to be 2-yr., No. 1, field-grown plants in respective varieties and as good quality as you can get anywhere at any price, no matter what you pay; to reach you in as good condition and if grown side by side under like conditions, will produce as good results.

Gruss an Aachen—marvelously free blooming Polyantha. Much admired for its delicate, light silvery pink color.

Edith Cavell Has
Masses of Rich,
Deep Red Blooms

Paul's Scarlet—Most Widely Planted Climber

MME. GREGOIRE STAECHELIN

The wonder Rose. Possesses a delightful fragrance which is rare in Climbing Roses. Excellent for cutting. Color is charming deep red in bud, opening into a pearly pink as the perfumed petals unfold. A good sturdy grower and blooms abundantly over a long season.

CLIMBING AMERICAN BEAUTY

An old favorite Climbing Rose. Very hardy and a vigorous grower. Free bloomer. Color deep pink. Blooms extra large, resembling Tea Roses in shape and size. Good canes and flower stems. Long blooming season.

Charming, Colorful,
Free-Blooming

CLIMBING ROSES

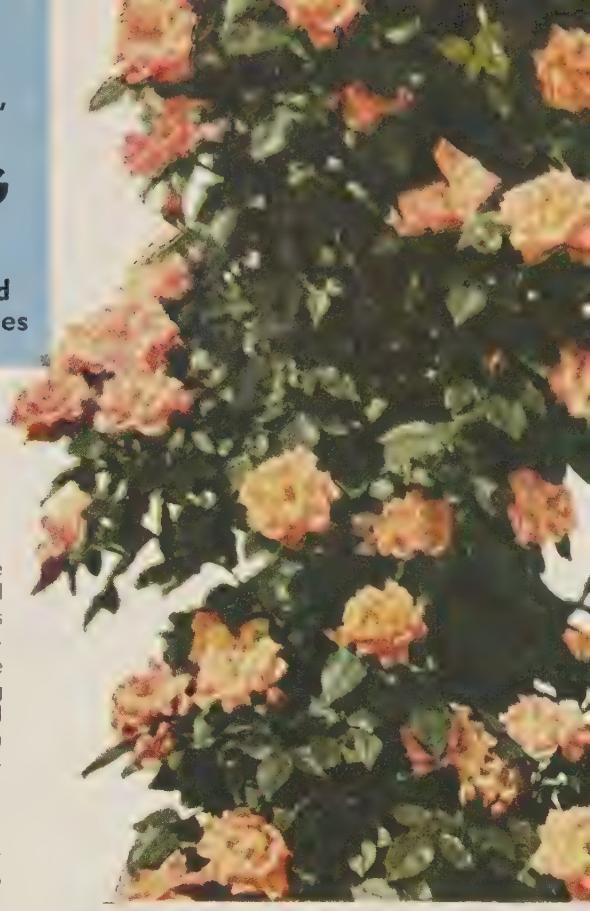

Six of the Best and
Most Popular Varieties

All Plants are 2-Yr.,
No. 1, Field-Grown and
Budded

THE "OLD RELIABLE" PAUL'S SCARLET

One of the greatest of the hardy Climbers. Combines rapid growth with extreme hardiness and free blooming habit. Brilliant scarlet flowers which are large and last over a long period. Hardy and grown in all parts of the country. Makes a brilliant show in blooming season.

WHEN PLANTING IN SPRING,
GET ALL ROSES SET JUST AS
EARLY AS POSSIBLE

Climbing Talisman—Very Popular

CLIMBING TALISMAN

A truly distinctive Climber. Fragrant and rich in color shades. Buds are orange-yellow opening into large blooms of salmon-orange, shaded with red and gold. Large, sturdy canes with long flower stems. Excellent for cutting.

CLIMBING GOLDEN CHARM

Climbing form of the beautiful Tea Rose "Golden Charm". We recommend this to those of you who want a golden yellow climber to complete your color range. Vigorous grower and blooms resemble those of the Hybrid Tea. May be cut in bud and keep well as blooms open. Buds are deep yellow opening into lighter yellow petals. Fragrant.

Blooms of "Blaze" Climber

CLIMBING "BLAZE" THE CLIMBER SUPREME U. S. PLANT PATENT No. 10

One of the largest selling Roses ever introduced. Grows in true pillar form. Terrific crop of early blooms followed by repeat blooms throughout the summer and fall season. Plants have the hardiness and good habits of the Paul's Scarlet parentage. Good, bright green foliage and sturdy canes. Excellent for use on each side of a driveway entrance or along a background fence. Color is intermediate scarlet and does not readily fade after blooms open.

ORNAMENTAL SHRUBS and TREES FOR BEAUTIFUL LAWNS AND BORDERS

Sturdy, Well-Rooted, 2-Year Field-Grown Plants at Low Cost.

ROSE TREE OF CHINA (PRUNUS TRILoba)

Wonderful dwarf variety of the flowering family. Blooms early in the spring before the leaves appear. The small tree seems decked with garlands of double flowers, pink in color. Very good for the border or for specimens. Grows 8 feet high. Heavy rooted, 2- to 3-ft. trees, only \$1.00 each; 2 for \$1.75.

(For 3- to 4-ft. trees of Rose Tree of China, see page 12.)

SHIPPING CHARGES ON SHRUBS AND SMALL FLOWERING TREES

Shrubs and small trees shown on this page are Postpaid east of the Rocky Mountains at prices given. West of the Rockies add 5c per plant for shrubs and 10c per plant for small trees for extra postage if you wish them sent Prepaid.

VIBURNUM AMERICANUM

One of the best of all Viburnums for the shrub border or anywhere that a fairly tall shrub is needed. Beautiful bright green foliage; clustered white blooms in May; clumps of extremely large ornamental bright red berries following and remaining until early winter. Berries are about twice the size of those on the regular High Bush Cranberry. Will reach 8 to 10 feet high when matured. 2-yr., 75c each; 3 for \$2.00.

PINK FLOWERING ALMOND

Earliest spring flowering shrub, in full bloom before the leaves appear. Beautiful pearly pink, double blooms snuggle tight to the twigs, completely covering the bush. Medium height, reaching about 4 feet. 75c each; 3 for \$2.00.

WITCH HAZEL

Hardly any other shrubs bloom in the late autumn, but that is the season when the Witch-Hazel flaunts its brilliant yellow flowers. It blooms for a long period and has interesting fruits before the last blossoms have faded. Sometimes it is still in bloom when early snows come, but it is unharmed even by zero weather. Grows 4 to 5 feet high. 75c each; 3 for \$2.00.

WHITE FRINGE TREE (Chionanthus)

One of the showiest of all shrubs. Grows to small tree height, with large shiny leaves of deep green. Graceful and drooping, it bears clouds of lacy white blooms. Branches start close to the ground and it may be grown as a shrub or trimmed up and grown as a dwarf tree. Good in borders or for specimens. 80c each; 3 for \$2.25.

SNOW GARLAND SPIREA

(SPIRAEA ARGUTA)

One of the finest of the early flowering shrubs. Blooms just as the leaves appear. Entire bush becomes a mass of tiny white flowers. Foliage is cut-leaved, lacy and very ornamental in summer. In fall, after the first frost, it flares brilliantly into shades of red, gold and bronze. Perfectly hardy and thrives under average conditions. Grows to about 4 to 5 feet tall, making it a valuable addition to the list of medium sized shrubs. 60c each; 3 for \$1.00.

RED-LEAVED BARBERRY

This brilliant Barberry is becoming more popular every year. Bronze-red leaves during the summer turn to fiery red in fall. Red Barberry should be planted in full sun for best color results. 60c each; 3 for \$1.60.

GREEN-LEAVED BARBERRY

No shrub is so generally planted or has so many practical uses as Japanese Barberry. It hasn't a single serious fault, and can be grown in shade, moist dry sunny locations. When grown as specimen plants or as an edging to taller shrubs its graceful arching branches covered with luxuriant green foliage in summer and flashing red berries all winter make a most pleasing sight. 55c each; 3 for \$1.45.

Viburnum Americanum

SPIREA - Dwarf Ninebark

Semi-dwarf and very thick and bushy in growth, attractive light brown bark, creamy white bloom. Very good for informal hedges or low borders. Reaches 36 inches in height. 60c each; 3 for \$1.60.

WHITE SNOWBERRY

Diminutive rose-colored flowers in June and July followed by clustered milk-white fruits which remain far into the winter. Bush is compact in form with numerous slender branches. Can be used in small groups or large masses. Due to its dwarf habit it is valuable for foregrounds in shrub plantings. Grows about 30 inches high. 60c each; 3 for \$1.60.

White Fringe—Dwarf Flowering Tree

When planting in the spring, best results are obtained by setting all trees and shrubs just as early as possible.

Green Barberry is Ideal for Corner Plantings

SPRING FLOWERING ORNAMENTAL TREES

REAL VALUES IN SELECTED, WELL ROOTED, FIELD-GROWN STOCK

TWO BEST and FAVORITE Hardy MAGNOLIAS

Among the finest of all ornamentals are these hardy Magnolias. Large bell-shaped blooms measuring 5 to 7 inches across. Beautiful waxy sheen. Plants begin blooming when quite small, many times flowering in the nursery row when 18 to 24 inches tall. Usually bloom for the customer the second season after transplanting. Eventually attain a height of 10 to 12 feet in midwest and northern climates. Set in good soil and keep well watered first season. Annual fertilizing helps to promote good growth.

Nice, 2-year-old,
18- to 24-inch plants,
Your Choice, Red or Pink

\$2.75 each;
2 for \$5.00

Postpaid East of the Rocky
Mountains. West of Rockies
add 10c per plant for extra
postage charges.

Pink Hardy Magnolia

Red Hardy Magnolia

Paul's Double Scarlet Hawthorn

PAUL'S DOUBLE FLOWERING SCARLET HAWTHORN

Popular low growing tree that is hardy all through the state. In May and June it is covered with double scarlet flowers which are followed by red berries. The foliage is a rich green which colors to a mass of brilliant hues in the fall. We give this tree top rating for specimen planting. Large, 4- to 6-ft., field-grown trees, \$2.50 each. (See "NOTE" at bottom of page.)

REDBUD (CERCIS CANADENSIS)

One of the handsomest of the low growing, flat-topped trees. Attains a height of about 15 feet at maturity. Along the numerous, wide spreading branches, rose-lavender blooms appear before the tree leafs out in spring. Flowers are so thick the tree appears as a small pink cloud. Due to the extreme hardness of the wood, the tree is usually very late in leafing out. Nice, 3- to 4-ft. plants, \$1.10 each; 2 for \$2.00.

Set all shrubs and trees as early as possible when planting in the spring. We can ship any time you specify after Jan. 15th.

**SHIPPING CHARGES ON ALL HARDY
SHRUBS AND SMALL FLOWERING TREES**
All of the small flowering trees shown on this page are postpaid East of the Rocky Mts. West of the Rockies add 10c per plant if you wish them prepaid. Otherwise we will ship with postage or express charges collect.

BECHTEL'S DWARF DOUBLE FLOWERING CRAB

The only one of the Flowering Crabs having double flowers. Tree is dwarf in stature and in spring is almost hidden by the abundance of beautiful blooms, each resembling a small pink Rose. 3- to 4-ft. trees, \$1.50 each; 2 for \$2.50. (See "note" below.)

NOTE: Bechtel's Crab and Paul's Scarlet Hawthorn cannot be shipped into the following states: California, Oregon, Washington, Montana, Nevada, Colorado, Utah, Arizona, and Florida.

Mature Smoke Tree in Full Bloom

Redbud
Glorious in Early Spring

Bechtel's Double Flowering Crab

ADD NEW BEAUTY TO YOUR HOME and LAWN HARDY FLOWERING SHRUBS WILL DO THE JOB AT VERY MODERATE COST

ALL ARE NICE, 2-YR., FIELD-GROWN, BLOOMING SIZE PLANTS

New! *Forsythia "Spring Glory"* LARGER, BRILLIANT YELLOW BLOOMS FOR EARLIEST COLOR

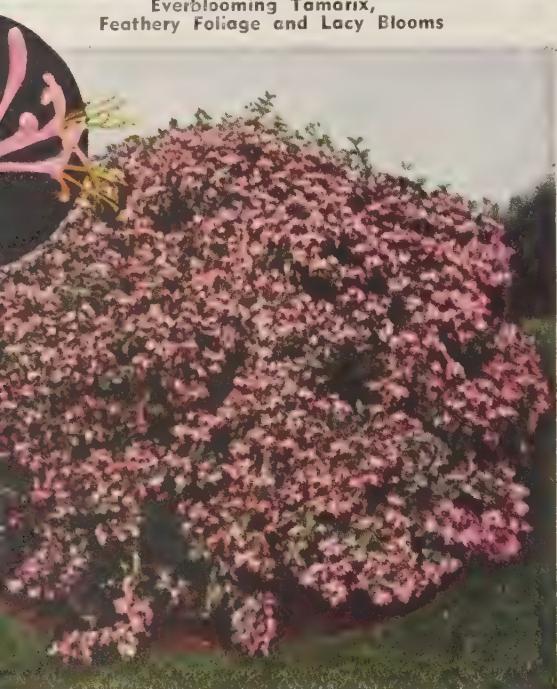

A spectacular new Forsythia which bears such masses of so much larger blooms than older varieties that a mature plant in full bloom in early spring is an almost unbelievable sight. The brilliant large yellow florets completely cover the branches, giving the effect of a giant sunburst. Canes grow erect with gracefully drooping tips. Very hardy in all sections of the country and thrives and grows vigorously in ordinary soil. **Nice, 2-yr., blooming size plants, 85c each; 3 for \$2.25.**

EVERBLOOMING TAMARIX

Beautiful shrub with soft fern-like foliage of a rich powder-blue color. Shell-pink blooms appear early in the season and continue until frost. Add a few of these and notice how they light up your whole planting. Mature height about 10 feet. (Note: The wood of this shrub is extremely hard, therefore they are among the last shrubs to start leafing out in the spring. Many do not get out in leaf until the middle of June here in the nursery.) **Nice, 2-yr. plants, 65c each; 3 for \$1.75.**

NOTE: SHIPPING CHARGES ON ALL HARDY SHRUBS AND SMALL TREES

All shrubs and small trees are postpaid East of the Rocky Mts. at prices given. West of the Rockies add 5c per plant on shrubs and 10c per plant on small trees if you wish them sent prepaid. Otherwise we will ship with postage and express charges collect.

Krider's Red Flowering Bush Honeysuckle

Double Flowering Virginal Mock Orange

KRIDER'S BEAUTIFUL RED FLOWERING BUSH HONEYSUCKLE

A remarkable shrub because of its deep green foliage, its hardiness and its free blooming habit. All the fine qualities of the Bush Honeysuckle plus a distinctly new color of blooms. The actual colored photograph at left cannot do justice to the beauty of this shrub. It thrives in most any location or in most any type of soil. When it is in full bloom it is literally studded with glowing rosy red flowers of most exquisite fragrance. Mature height 8 feet. **65c each; 3 for \$1.75.**

DOUBLE VIRGINAL MOCK ORANGE

PHILADELPHUS VIRGINALIS

Blooms throughout the season. Without question one of the most beautiful of the shrubs. Single flowers on one-year wood; double flowers on two-year wood. Grows 6 to 8 feet in height and is a valuable addition to any shrub group. Blooms with single flowers on new growth all summer. **85c each; 3 for \$2.25.**

UNUSUALLY LOVELY AND OUTSTANDINGLY NEW COLE'S SPIREA BILLIARDI

A new Spirea Billiardi which is really an outstanding shrub in its class. Hardy and a semi-dwarf, it has a place in all shrub plantings. Grows to a height of about 4 feet and bears an enormous crop of blooms in early summer with moderate quantities of repeat blooms appearing throughout the balance of the summer. Flowers are rather cone shaped in form, of good size with the fuzzy appearance so interesting and unique among shrubs. Color is a lovely blended pink and bloom stems are long enough for cutting. **Nice, 2-yr., blooming size plants, 85c each; 3 for \$2.25.**

Sensational New Forsythia, "Spring Glory"

Lovely New "Cole's Spirea Billiard"

COLORFUL, STURDY, FLOWERING HARDY ORNAMENTAL SHRUBS WILL GREATLY INCREASE PROPERTY VALUES

HEAVY ROOTED, 2-YEAR, FIELD-GROWN, BLOOMING SIZE PLANTS
PROVIDE NEW SPRING BEAUTY
FOR YOUR HOME GROUNDS

FRENCH LILACS THREE FINE VARIETIES

These budded French Lilacs will not sucker up from the roots as common Lilacs often do. They are among the easiest of shrubs to grow and use is practically unlimited. Valuable as specimen plants and equally effective in massed plantings. Colors are beautifully rich and deep, and their fragrance is extremely desirable.

YOUR CHOICE CHARLES X. Single; wine-red.
GENERAL PERSHING. Double; blue-violet.
MME. CASIMIR PERIER. Double; white.

18 to 24 in., \$1.00 each;
ready to bloom. 3 for \$2.75

SCARLET FIREBUSH

NEW, UPRIGHT GROWING TYPE

Early in the spring this attractive shrub is completely covered with dazzling orange-scarlet flowers, which are followed by small, fragrant, Quince-shaped fruits. Foliage waxy and dark green. Branches are rough and closely knit, making it desirable for hedges.

This new type grows with branches upright instead of loosely horizontal as did the old type. 2-yr., 65c each; 3 for \$1.75.

Blossoms of New Upright Type Scarlet Firebush

Beautiful and Spectacular Hydrangea P. G.

Sensational Hardy Shrub, Blue-Leaved Flowering BUSH HONEYSUCKLE

To add interest and color to your shrub plantings, you will want a few of these beautiful Blue Leaved Honeysuckles. Extra hardy, they thrive in all sections and under all average conditions. Branches grow very densely and plants assume the form of a rather low, spreading ball of steely blue. Foliage holds its blue color throughout the season. Fragrant pink blooms are followed by red berries. 2-yr., blooming size plants, 85c each; 3 for \$2.25.

The Famous Hardy HYDRANGEA P. G.

Flowers in August with huge panicles measuring from 8 to 12 inches long. Blossoms are first a delicate shade of pink gradually changing to bronze in early autumn. 2-year, blooming size, 75c each; 3 for \$2.00.

NOTE: We also have on hand a limited number of beautiful Hydrangea P. G., which have been staked, trimmed and carefully grown in tree form. Nice, 3- to 4-ft. size, \$2.25 each; 3 for \$6.00.

DOUBLE FLOWERING KERRIA

AN EXCELLENT SHRUB FOR SHADED LOCATIONS

The ideal shrub for shade. Light green branches and leaves. Bright yellow double blooms the size of a half dollar completely cover the bush in spring. Semi-dwarf and very hardy. 65c each; 3 for \$1.75.

NOTE PLEASE:
Scarlet Firebush
cannot be sent
into the States of
California, Wash-
ington, Oregon,
Colorado, Montana,
Nevada, Arizona,
Utah and Florida.

East of the Rocky Mts. all hardy shrubs and small trees are postpaid at prices given. West of the Rockies add 5c per plant for shrubs and 10c per plant for the small trees if you wish them sent postpaid.

Otherwise we will ship with postage or express charges collect.

French Lilac, "Chas. X"—One of the Best

New Blue Leaved Flowering Bush Honeysuckle

Double Flowering Kerria—Does Well In Shade

FOR PRIVACY, PROTECTION and DEFINITION OF PROPERTY, Enclose Your Grounds With **HARDY HEDGES**

Barberry Makes a Beautiful Hedge—Effectively Wards Off Trespassers, Too

HARDY AMOOR RIVER PRIVET

Most universally planted of all hedges. Shiny dark green leaves, not subject to blight or disease. Very hardy, a rapid grower. May be sheared any shape. Plant 10 inches apart and prune back to 8 to 10 inches after planting for a dense hedge. **2-yr., well branched, 15- to 18-in., 25 for \$3.00; 50 for \$5.50; 100 for \$10.00.**

BUSH HONEYSUCKLE HEDGING

No harder plant can be found than the Bush Honeysuckle. Grows to a height of 8 to 10 feet, with upright and somewhat spreading branches. Foliage is bright green and flowers are borne freely in May and June. Very fragrant and attracts bees and humming birds. Showy red berries ripen in summer and cling to the bush for many weeks. The best shrub in our nursery for a high, compact hedge, for screening purposes, or to attract birds. **2-yr., 18- to 24-in., 25 for \$3.50; 100 for \$12.50.**

GREEN-LEAVED BARBERRY

America's most popular low-growing hedge. Bright green leaves turn to dazzling shades of red, gold and bronze in the fall. Brilliant red berries in great numbers stay on through the winter months. Perfectly hardy and will grow in shade or on poor soil. May be pruned or sheared any time. **2-yr., 12- to 15-in., 25 for \$3.00; 100 for \$10.00.**

RED-LEAVED BARBERRY

General growing habit and hardness same as Green-Leaved Barberry described above, except that the foliage on this variety is a rich, deep red. The ideal plant for foliage contrast. Should be planted in sun to get best effect. **Well rooted, 2-yr., 9- to 12-in. plants, 25 for \$3.00; 100 for \$10.00.**

All hedge plants are sent Prepaid at prices given in the States of Indiana, Illinois, Michigan and Ohio. To all other points add $\frac{1}{2}c$ per plant if you wish prepaid shipment. Otherwise we will ship with postage or express charges collect.

HOW TO PLANT AND GROW GOOD HEDGES

Beautiful hedges are easily grown if a few simple instructions are observed. Dig a trench 10 to 12 inches deep and the width of a spade. Set the plants a couple of inches deeper than they stood in the nursery. This insures a dense hedge at the base. Privet should be set 10 inches apart, Barberry about 18 inches. Shrubs such as Spirea 18 inches, Chinese Elm 2 feet, and Evergreens 2 to 3 feet. Spacing may be varied depending upon the density desired. After spacing plants, fill in about one-half of the depth of the trench, then flood with water. After settling fill in balance of the trench and tramp firmly. Leave a slight depression along each side of the hedge to retain water. Keep thoroughly soaked until well started. Privet should be cut back to about 8 to 10 inches after planting to promote vigorous growth. Hedges planted in this manner rarely fail to grow.

EXTRA SPECIAL OFFER OF SPIREA VAN HOUTTEI!

FOR FLOWERING HEDGES, SHRUB BORDERS
OR LARGE ESTATE PLANTINGS

AN UNUSUAL VALUE IN AMERICA'S MOST WIDELY PLANTED
SHRUB

The most popular of all shrubs. Profuse clusters of tiny white blooms completely cover the sweeping branches in May. Delicately cut leaves stay bright green until autumn, then turn to bright shades of bronze and yellow. Grows to 6 feet, but may be pruned any time after blooming period. Makes a beautiful flowering hedge.

(Plant 15 to 18 in. apart for hedge; 2 to 3 ft. apart for shrub border.)

**WELL ROOTED, 12- to 18-Inch Plants
10 for \$1.75; 25 for \$3.00; 50 for \$5.50;
100 for \$10.00; 500 for \$40.00**

This Special Offer of Spirea Van Houttei sent Postpaid at prices above in the States of Indiana, Illinois, Michigan and Ohio. To all other points add $\frac{1}{2}c$ per plant for extra postage charges if you wish prepaid shipment. Otherwise will ship with transportation charges collect. (Up to 100 plants may be sent parcel post; over 100 plants express shipment is necessary.)

DWARF HARDY BOXWOOD

For Dwarf Evergreen Hedges

No doubt you have at various times admired the dwarf Boxwood hedges used so much for garden outlines on large estates. Most of the earlier Boxwood in this country came from England and later was much used in Virginia, New Jersey and other eastern states.

We have grown quite a nice stock of these plants which have proven entirely hardy in Northern Indiana and now offer them to our customers at a reasonable price. In extreme northern sections they should be given some winter protection.

(Note: For close hedges, plant 6 to 8 inches apart. For bed outlining plant 1 foot apart. Will eventually reach 2 to 3 feet high unless severely sheared and kept low.)

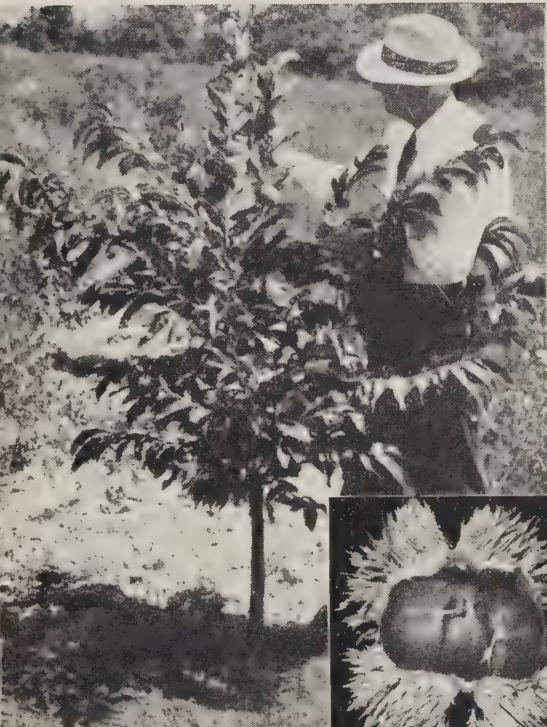

**6-yr., 6- to 8-inch plants, 45c each; 10 for \$3.50;
25 for \$7.50; 100 for \$25.00.**

ORNAMENTAL TREES TO ENRICH YOUR LAWN PLANTINGS.

Flowering Tulip Trees—As They Mature the Odd Tulip-Like Blooms Begin to Appear

Young Chinese Chestnut. Inset Shows the Odd "Burr" With the Nut Inside, Which the Tree Produces Freely

Gracefully Drooping Weeping Willow

TULIP TREE

STATE TREE OF INDIANA

One of the loveliest of our native trees, and the state tree of Indiana. Tall growing, of shapely habit, and its large irregular leaves make it ideal for quick shade. Bears numerous Tulip-like flowers in spring. Blooms are yellow, marked at inside of base with orange. **3- to 4-ft. trees, \$1.25 each; 2 for \$2.00. Shipping charges collect.**

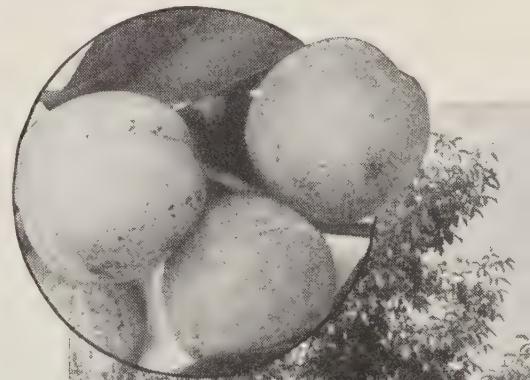

Cut-Leaved Weeping Birch

CUT-LEAVED WEEPING BIRCH

ONE OF THE MOST LOVED OF ALL TREES

No other tree occupies quite the place in the hearts of home builders that this graceful tree does. Its white bark, pendulous branches, delicate green foliage, deeply cut leaves, endear it to all who want a tree both for shade and ornament. A beautiful effect is created by planting three of them as a triangle, about 20 feet apart. **Nice, straight, 5- to 6-ft. trees, \$3.00 each; 2 for \$5.50.**

WEEPING WILLOW

FAST GROWING, GRACEFUL, ORNAMENTAL

The well known graceful Weeping Willow whose long drooping branches, densely covered with fresh green leaves, make it one of the best loved trees. Very rapid grower. **4- to 6-ft. trees, \$1.25 each; 2 for \$2.25. Shipping charges collect.**

New Hardy, Soft Shelled ENGLISH WALNUT

Another splendid nut tree new to our catalog this year. This is the large soft shelled English Walnut which is hardy and produces well in the northern sections of the country, having been developed in the state of New York. Trees begin bearing when very young and produce heavy crops of delicious, full-meated, soft shelled nuts. Thrive in ordinary, well drained soil. **We offer nice, 2-yr., 2-ft. trees at \$1.25 each; 2 for \$2.25, (postpaid East of the Rocky Mountains. West of the Rockies add 10c per plant for extra postage charges.)**

Hardy English Walnut

Watermelon-Red Crape Myrtle, The "Different" Shrub

Watermelon Red CRAPE MYRTLE

The plant which is so much a part of southern beauty, is now available in hardy form for those of us in more northern climates. Habit similar to Buddleia, as it dies down to the ground each winter in the north, but throws up new shoots each spring and flowers in the summer. If you want a real thrill in plants, we recommend this one. Will grow in any good garden soil. Plant about 3 feet apart for borders. 12- to 18-in., \$1.00 each; 2 for \$1.75; 4 for \$3.00.

Krider's Famous Three Color Althea

TO HELP MAKE YOUR "HOUSE" A "HOME" COLORFUL ORNAMENTALS WILL ADD DISTINCTION AND BEAUTY

DWARF BLOOD- LEAVED MAPLE

Rounded dwarf trees seldom maturing to over 10 feet in height. Densely furnished to the ground with indented leaves of unrivaled brilliancy and charm. Their early spring and midsummer color is a vivid blood-red, which dulls to a bronzy purple-red towards fall. They make splendid foreground subjects in mixed groups or are unexcelled for a bright spot of color on the open lawn. Nice, 15- to 18-inch size, \$3.00 each; 2 for \$5.50.

Dwarf Blood Leaved Maple, For Brilliant "Accent" Spots

WEIGELAS - Satisfactory and useful in all shrub plantings

WE OFFER TWO OF THE BEST, TIME-PROVEN VARIETIES WE KNOW OF TODAY

ROSEA, Pink

One of the finest of the family. Tall and vigorous growing with abundant deep pink flowers in June. Occasional blooms the balance of the summer. Will reach 7 to 8 feet in height.

Excellent shrub for use in the shrub border and also desirable for use in the foundation planting about the home. 2-year, blooming size, 65c each; 3 for \$1.75.

THE MAGNIFICENT NEW RED FLOWERING "BRISTOL RUBY" THE WEIGELA WITHOUT A FAULT

U. S. Plant Patent No. 492

A few years have proven this to be one of the best shrubs available for all types of landscape planting. The hardiest Weigela developed to date, it withstands the hardest freezes and continues to bloom year after year. Color is a rich ruby-red which does not fade after the blooms open. Foliage is heavy and deep green. Reaches about 6 feet in height with branches growing erect and even. Mature plant is well shaped with no straggling branches. Require but little pruning. Heavy rooted, 2- to 3-ft. plants, \$1.50 each; 3 for \$4.00.

KRIDER'S FAMOUS THREE-COLOR ALTHEA

Our National Colors Offered In a Living Shrub. Red, White and Blue Blooms at the Same Time On One Bush.

Though peace has come everyone should show their colors in one form or another. The markets are flooded with various items of metal, paper and cloth which are but temporarily useful. Why not have a permanent, living display on your lawn.

We have grafted and grown a number of these tri-color Rose of Sharon to give you something new in shrubs.

Display our National colors on your lawn! One section red, one section white and one section blue. Sure to please. Well rooted, 2-yr., blooming size, 2 to 3 feet tall. Paint one on each side of your walk! \$1.50 each; 2 for \$2.50.

New Weigela, Bristol Ruby (U. S. Plant Patent No. 492)

SHIPPING CHARGES ON SHRUBS

All shrubs shown on these pages are postpaid East of the Rocky Mts. West of the Rockies add 5c per plant for extra postage charges if you wish prepaid delivery. Otherwise we will ship with postage or express charges collect.

Rhododendrons for Landscape Work and Foundation Plantings

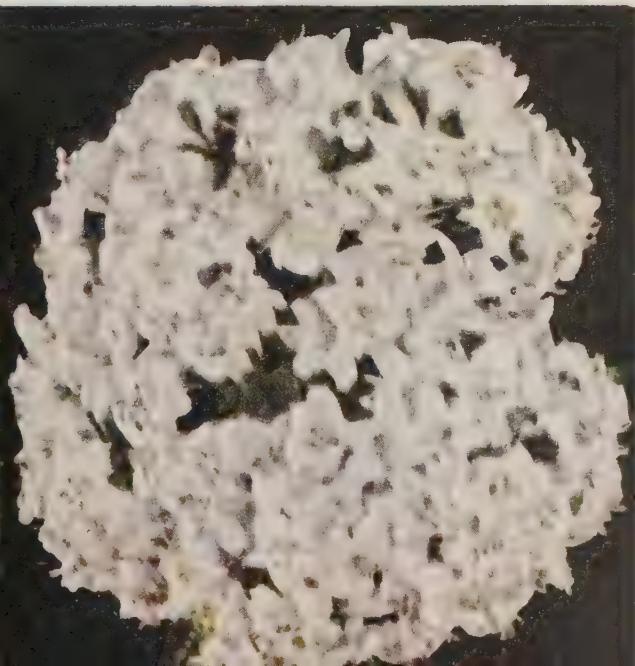

RHODODENDRONS
EXCELLENT NEW HARDY HYBRIDS

One of our most elegant native plants. The Rhododendron is always a thing of beauty and, of reasonable care is used in growing them, they are perfectly adaptable to use in most sections of the country for landscape work and foundation plantings. These Hybrid varieties will indeed provide a luxurious appearance when matured. Foliage is large, rich glossy green in color and stays that way the year around. We cannot guarantee color of bloom, since these are Hybrids, but shadings run from pink through the lavender shades to deep rose.

Nice, 9- to 12-inch plants, \$1.00 each; 3 for \$2.75.

NOTE.—Plant Rhododendrons in partial shade and in a semi-acid soil. This acidity may be attained by working peat moss in around the roots when planting. All orders shipped by us will have sufficient peat moss around the roots of each plant to insure successful growth if that amount is well worked in around the roots when planting.

**Gardenia Scented Wonder Shrub-
VIBURNUM BURKWOODI**

**Semi-Dwarf—
Thrives in Partial
Shade**

This grafted variety brings you the hardiness, rapid growth, beautiful fluted foliage and general dependability of the family plus a new loveliness of bloom. Large, ball-like masses of waxen creamy white have a rich Gardenia fragrance. In the dusk of evening the perfume will envelop the whole lawn. Plant is semi-dwarf, seldom over 5 feet when matured. Foliage colors richly in fall. **\$1.00 each; 3 for \$2.50.**

Hybrid Azalea Mollis, for Brilliantly Glowing Spring Color

Hardy Hybrid AZALEA MOLLIS

The greatest grower of the Azaleas—"Azalea Mollis." We offer these in the new Hybrid strains. Colors will range from light yellow to deep orange and rose. **We can not guarantee what shade a hybrid will bloom.** Plant in acid soil, same as Rhododendrons, and you will have something to be very proud of. Plant 18 inches apart.

Nice, 10- to 12-inch plants with some bloom buds, \$1.25 each; 2 for \$2.25; 4 for \$4.00.

NOTE.—Plant Azaleas in partial shade and in a semi-acid soil. This acidity may be attained by working peat moss in around the roots when planting. All orders shipped by us will have sufficient peat moss around the roots of each plant to insure successful growth if that amount is well worked in around the roots when planting.

**SPIREA FROEBELI—Long Blooming Season
RED FOLIAGE IN SPRING**

Large flat clusters of deep pink flowers nearly all summer make this variety especially good for nearly all planting. Dwarf in habit and fine for inner border work. Will get about 30 inches high. **60c each; 3 for \$1.60.**

DWARF SPIREA ANTHONY WATERER

General blooming habit and color of blooms very much like those of Spirea Froebeli pictured below and described above but plants are much more dwarf. Reaches 12 to 18 inches in height. Ideal for a dwarf hedge or for planting around the foundation of the home. **Nice, 2-year plants, 60c each; 3 for \$1.60.**

Spirea Froebeli

Enrich Your Home Surroundings for the Future— Favored Varieties of SHADE TREES

NORWAY MAPLE

This is an exceptionally fine, hardy, large-leaved shade tree. Noted for its resistance to disease and for its long life. **Heavy rooted trees, 6 to 8 ft. tall, only \$2.25 each; 4 for \$8.00.**

SILVER MAPLE

The fastest growing of the Maples. Much used for street planting because they make a good, quick shade. Foliage of a light green, silvery on the under side and slightly cut-leaved. Color beautifully in the fall. Not as long lived as the Schwedler's or Norway Maples, but will grow quickly and provide good shade for the ordinary lifetime. **Nice, 6- to 8-ft. trees, \$2.00 each; 4 for \$6.50.**

Colorful New Maple "CRIMSON KING"

One of the finest new introductions in the line of shade trees. This beautiful new Maple is of the Norway or Hard Maple family and has all of their good characteristics PLUS the new glory of having brilliant red foliage. Color holds well throughout the summer. A striking spot of color when used with other trees or when planted alone as a specimen. Needs full sun to get full effect of the red color. **We offer nice 5- to 6-ft. trees at \$4.50 each; 2 for \$8.50.**

Beautiful and Long-Lived— The Oldest Known Tree GINKGO TREE

Records show this to be the only tree that is mentioned in the ancient writings of Confucius. Beautiful, finely cut foliage and erect, graceful habit of growth make it desirable. A mature specimen is almost priceless. Perfectly hardy anywhere. Drops all of its leaves within a few hours after the first one drops in the fall. **3- to 5-ft. trees, \$2.50 each; 2 for \$4.50.**

LOMBARDY POPLAR

Tall, slender growing tree for formal planting. Rapid grower and at a distance the mature trees appear as tall sentinels. Dark green leaves, lighter shade on the under side. The roots of the Lombardy Poplar will not grow into and clog sewers, etc., as did the old Carolina Poplar. **6- to 8-ft. trees, \$1.00 each; 10 for \$6.00.**
(See below for smaller size.)

Special On Lombardy Poplars for Screening Purposes

10	Nice 3- to 4-ft. size Lombardy Poplars. Ideal for screening, windbreaks and backgrounds. Plant 5 to 6 ft. apart. A real value at this low price. Grow very rapidly	\$3.00
5	3- to 4-ft. trees as described above	\$1.75

NOTE.—Up to 20 of these trees may be sent by parcel post. Add 5c per tree extra for postage. Over 20 trees sent by express, shipping charges collect.

CHINESE ELM FOR QUICK SHADE

The fastest growing shade tree known today. It is much used in the arid sections of the west because of its extreme hardiness and the ease with which it can be grown. Equally valuable for windbreaks or for specimen planting. May also be planted 18 inches apart and kept sheared for hedging. **6- to 8-ft. trees, \$1.75 each; 2 for \$3.00. 5- to 6-ft. trees, \$1.25 each; 2 for \$2.00.**

DO NOT ALLOW YOUR PHLOX TO GO TO SEED This is Very Important

Keep blooms cut as they fade. If you permit plants to go to seed they will drop hundreds of seeds right around the base of the plant. Next year masses of seedlings will spring up. These usually have the old magenta color and soon kill out your true variety. This soon makes the bed a mass of seedlings.

RELIABLE, HARDY PERENNIALS

For Permanent Color and Beauty

All Are Nice, 2-Yr. Field-Grown Plants—Will Bloom This Summer.

Improve old beds or start new ones with these items.

Yellow Gaillardia "SUN GOD"

One of the finest additions to the famous family of Gaillardias. Immense, rich golden yellow blooms on tall, erect stems about 24 inches long. Very hardy and thrives under adverse conditions. Blooms freely over a long period, providing lots of color in the perennial bed or border. Fine cut flowers, keeping a long time. **35c each; 4 for \$1.25.**

Ball-Like Dianthus "FLAMING STAR"

One of the finest plants ever introduced for the rockery or perennial border. Hundreds of rosy star-shaped flowers borne on a dwarf bunched plant resembling a pincushion. Bluish green foliage makes striking contrast to color of flowers. Perfectly hardy and blooms year after year with no attention. **35c each; 4 for \$1.25.**

NOTE: All perennial plants are postpaid East of the Rocky Mountains. West of the Rockies add 2c per plant for extra postage.

Very truly,
MRS. A.C.

Old-Fashioned Sweet William, For Gay Color

Old-Fashioned Sweet William

One of the best loved old-fashioned flowers. No garden is complete without a few of these plants. Very easy to grow and sure prolific bloomers. Will add much color and charm to the beds or border. We offer heavy rooted plants, in mixed colors only, which will bloom this summer. Grow about 2 feet tall.

NICE PLANTS FOR BLOOM THIS YEAR
4 for \$1.00; 8 for \$1.75

Lovely Dianthus "Flaming Star"

DOUBLE YELLOW COREOPSIS "DOUBLE SUNSET"

Valuable for its profusion of showy yellow blooms all summer long. Long stems and fine for cutting and mixed bouquets. Hardy and very easy to grow. Reaches approximately 2 feet in height. **Heavy, 2-yr. plants, 35c each; 4 for \$1.25.**

Double Coreopsis "Double Sunset"

PERENNIALS

LET THESE HARDY PLANTS PUT NEW LIFE INTO YOUR BEDS

Sturdy, 2-yr., Field-Grown Plants
WILL BLOOM THIS SUMMER

HIBISCUS

GIANT FLOWERING MALLOW MARVEL

Truly the "show-boy" of the perennials. Shoots start each year from the ground and grow to a height of 4 to 6 feet. They then bear great numbers of giant bell-shaped blooms measuring 6 inches or more across. Rich in color and hardy as an Oak. Wonderful for background subjects or for an informal high summer hedge. Nice 2-yr. roots, only 30c each; 4 for \$1.00.

DOUBLE GRAFTED BABY'S BREATH "BRISTOL FAIRY"

The sensational double-flowering Baby's Breath. Large florets in heavy panicles make it ideal for cutting. Longer season of bloom, and if blossoms are cut as they begin to wither, it is possible to keep them flowering nearly all summer. Remember this is the true, grafted, double-flowering variety. 60c each; 3 for \$1.50.

ORANGE BUTTERFLY PLANT

ASCLEPIAS TUBEROSA The Only Hardy Plant Having True Orange Flowers

This attractive plant produces an immense number of flowers during the months of July and August. Brilliant orange. It can be successfully grown in any type soil in any locality. Reaches height of 2 to 2 1/2 feet. Withstands the most severe winters and the hottest summers, producing flowers year after year with no attention. Grows native in some sections of the country. Blooming size roots, 30c each; 4 for \$1.00.

NOTE: All Perennial Plants are Postpaid east of the Rocky Mountains. West of the Rockies add 2c per plant for extra postage.

MRS. T.S.

Charming and Lovely ENGLISH VIOLET

IDEAL FOR EDGING

Effective and beautiful for all types of borders or beds. Grows only 6 to 8 inches high. Broad, heavy foliage of deep green. Single flowers of purple-violet borne in profusion on graceful stems. Hardy and will thrive under most any conditions. For edging use, plant 8 inches apart. Price: Only 35c each; 4 for \$1.25; 8 for \$2.00.

Charming English Violet

Baby's Breath—Unexcelled Filler for Bouquets

White BABY'S BREATH

GYPSOPHILA PANICULATA

The beloved Baby's Breath which is so desirable for use in mixed bouquets during the summer and which may be cut and dried for use in winter floral arrangements. Grows about 2 feet high and makes a rounded mass of misty white when in bloom. We offer nice 2-year roots which will bloom this year at 30c each; 4 for \$1.00.

Flowers of Orange Butterfly Plant

LAVENDER STATIC

A real cloud of misty lavender loveliness and ideal in any location you care to plant it. Naturally beautiful in a bed, it becomes doubly so when used in mixed bouquets. Blooms over a long period of time and keeps well after cutting. 30c each; 4 for \$1.00.

Statice—For Those "Misty" Bouquets

LONG-LIVED FIELD-GROWN **HARDY PERENNIALS**

FOR BEDDING AND CUTTING—MAKE YOUR PLANTINGS PERMANENT

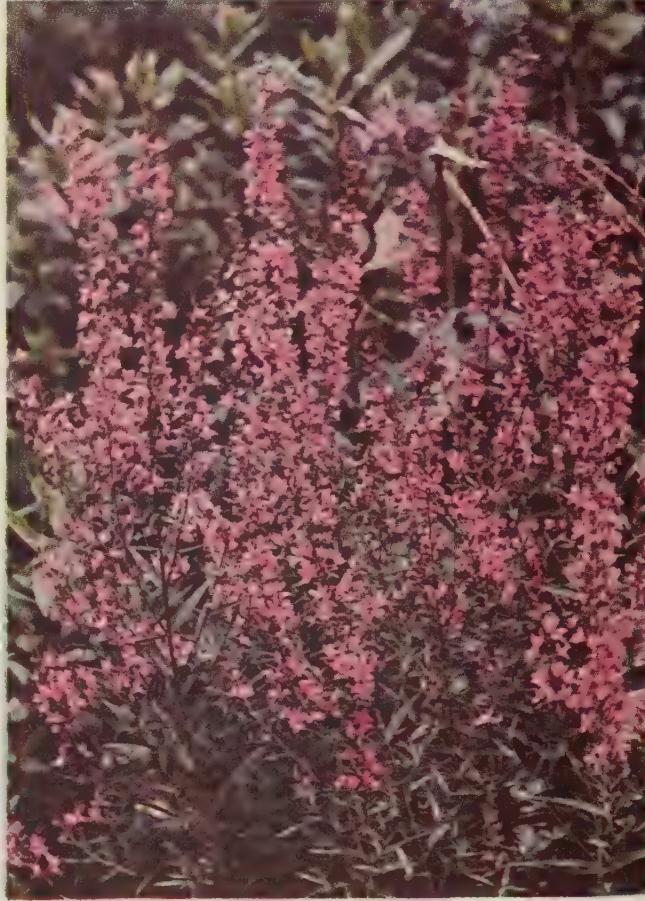

Large Flowering, Hardy DAISY "SUPREME"

Immense giant white blooms, often measuring 5 inches across, with a bright golden center. Two rows of petals almost create a double effect. Stems are long, 24 to 36 inches, and hold blooms stiffly erect. All the hardiness of the Shasta Daisy family but so far superior in size and quality of blooms that the older types are rendered obsolete. There was only one name to give this remarkable Daisy and that was "SUPREME", because it really stands supreme among all white Daisies we have ever seen. Blooms heavily and profusely over a long period in June and July. 2-yr., field-grown roots which will bloom this summer, 40c each; 4 for \$1.50; 8 for \$2.75.

Double Daisy "Mount Shasta"

Large pure white blooms with a high tufted center which resembles tightly clipped needlework. Plant is very hardy and produces an abundance of beautiful blooms over a long season. Tough, wiry stems make it fine

for cutting and the flowers are lovely in all floral arrangements. Florists have gladly paid \$2.00 per dozen for these blooms to make artistic wedding arrangements. Long stems add to their value. Will bloom this year, 45c each; 3 for \$1.25.

HARDY PINK LYTHRUM EXCEPTIONALLY FINE FOR BEDDING FAMOUS MORDEN'S PINK STRAIN

If you want a rather tall growing perennial that will provide a lot of bright pink color in your borders or beds during the hot summer months of July and August, then plant a clump of beautiful Lythrum plants. Reach a height of 3 to 4 feet. Matured plants form a clump which each year throws up a great number of willowy stems each of which terminates in a foot-long spike of bright pink blooms. Hardy, a rapid grower, and our 2-year transplanted plants will bloom this year. Don't fail to get some of these if you want good summer color in your garden. 40c each; 4 for \$1.50.

PACIFIC HYBRID DELPHINIUM GIANT FLOWERING STRAIN

Words cannot adequately describe the elegance and beauty of this marvelous new strain of Hybrid Delphinium. Giant stalks bearing flower spikes of enormous size. Individual florets are each perfect and exceptionally large, measuring as much as 2½ inches across. The colorings will thrill you. **Being Hybrids we cannot ship plants by color or guarantee what shade the plant will bloom**, but they run the range of blues, lavenders and mixed shades. Some have outer petals of blue with inner petals of soft orchid.

Plant 12 to 18 inches apart in good garden soil. Keep well watered and fertilized with frequent shallow cultivation. **These plants will bloom this summer.** 35c each; 4 for \$1.25; 8 for \$2.25; 12 for \$3.00.

Giant Flowering Pacific Hybrid Delphinium

Famous Morden's Pink Hardy Lythrum

"BLUE BIRD" VERONICA

This beautiful plant has long, slender, bronze-green leaves and carries a great quantity of indigo-blue flowers formed as curved spikes. Be sure to include this in your garden. Blooms continually from July to October. A real value at this low price. Grows about 2 feet tall. **Nice, field-grown plants, will bloom this year.** 40c each; 4 for \$1.50.

"Blue Bird" Veronica—Beautiful Spire-Like Spikes for Cutting

USE COLORFUL, PERMANENT
AND LONG-LIVED HARDY

PERENNIALS

WILL GROW AND BLOOM FOR YEARS—ALL AT MODERATE COST

Old-Fashioned CANTERBURY BELLS

Every Garden Needs a Few Clumps of Old-Fashioned Flowers
We know of no better ones to plant than these romantic Old-Fashioned Canterbury Bells.

They produce loads of deep bell-shaped blooms over a long period of time.
Grow about 3 feet tall, making them ideal to plant in front of shrubs or along a fence.

We offer these in nice two-year roots in mixed shades only.
30c each; 4 for \$1.00.

The Unique and Rare "Christmas Rose"—A Hardy Perennial

HEUCHERA - Red Coralbell

A real coral-red Coralbell. For bright spots of color in the border or rock garden this splendid Coralbell serves admirably. Stems are strong and stand erect. Flower spikes are large and color is really brilliant. Excellent for shady spots. Grows 18 to 24 inches tall. Nice, 2-year plants, 35c each; 3 for \$1.00.

Hardy, Colorful and Lovely—Heuchera or Red Coralbell

THE FAMOUS IMPERIAL HYBRID DOUBLE HOLLYHOCKS

New hybrid strain of an old favorite garden flower. New brilliant colorings, new larger blooms and new hardiness make this an outstanding strain. Desirable for background plantings as they grow to 5 feet tall. Being hybrids, they come only in mixed colors, and we cannot ship by any specified color. 2-year roots, will bloom this summer. 30c each; 4 for \$1.00.

Charming Old-Fashioned Canterbury Bells For Gay Color

UNIQUE, RARE "CHRISTMAS ROSE" (*Helleborus Niger*)

Blooms Through the Snow at Christmas

A dwarf growing, hardy plant with dark, leathery foliage, which grows up through the snow and blooms in the dead of winter. Large single bell-like flowers last for a long period of time. Foliage is evergreen. A real sensation and a real value.

\$1.15 each; 3 for \$3.00; 6 for \$5.50; 12 for \$10.00.

EARLY SPRING BLOOMING PHLOX, "BLUE HEAVEN"

New Perennial for Our Customers A Festival of Spring Color

Very desirable because it blooms very early in the spring when most perennial blooms are scarce. Grows about 2 feet high and each stem is topped with a loose panicle of soft blue flowers. The individual florets are about the size of the blooms of the regular Hardy Phlox. Four or more plants planted in a group give a nice mass color display in early spring. The long stems make them good for cutting and flowers hold up well in bouquets.

Nice, 2-yr., field-grown plants, 35c each; 4 for \$1.25.

NOTE

All perennial plants are post-paid East of the Rocky Mountains at prices given. West of the Rockies add 2c per plant for extra postage.

Perennials should be planted 18 inches apart as a general rule. Some large growing types may need to be planted slightly farther apart. For borders and edging with dwarf varieties you will want to plant 6 to 12 inches apart.

Perennials should always be planted in groups of three or more plants. This gives much better color effect than if only single plants are used.

Double Hollyhocks

PLANTS FOR BEAUTIFUL BORDERS AND EDGINGS

Teucrium Used For An Effective Walk Edging—Excellent For Low Hedges—Inset Shows Single Plant

TEUCRIUM

A Lovely Hardy Perennial for Edging or Dwarf Hedges—
Foliage is Almost Evergreen—Needs but Little Care or Shearing

Ideal for all edging work, or for low border hedges. Foliage is evergreen for ten months of the year and plants stay dwarf. Ten to fifteen inches is as high as they grow and an occasional very light trimming will hold their beautiful compact shape.

Hardy in all sections of the country and thrives in most any location. Ideal in front of low walls.

Should be planted 6 inches apart for a dense hedge. Note how effective Teucrium is when edging a perennial bed as illustrated.

Four to five plants in a group will make an ideal corner clump for a perennial bed or the corners of a Rose garden.

Don't fail to get some of these plants for that dwarf hedge you've wanted.

25c each; 10 for \$2.00; 25 for \$4.50; 100 for \$16.00.

SEDUM "SPECTABILIS" OR "LIVE FOREVER" A PERENNIAL OF WIDE AND VARIED USAGE

One of the hardiest of all plants, it seems to thrive under the most difficult conditions. Comes up and blooms year after year with little or no attention. Withstands heat, drought, cold and shallow, poor soil. Foliage is ornamental all summer long and the large, flat heads of clear pink blooms are produced on sturdy stems and in abundance. Plant ordinarily reaches 12 to 18 inches in height with bloom stems rising 10 to 12 inches above foliage during blooming season.

One of the greatest features of "Sedum Spectabilis" is its versatility. Use it as a flowering perennial in the foreground of the bed or border; plant it among low growing shrubs for increased foliage and color effects; set one plant in each of two pots or pails and use them on each side of the steps; place plants 12 or 16 inches apart in porch or window boxes; use it as a low growing summer hedge between various sections of the vegetable garden; set plants 10 inches apart for a flowering hedge around a Rose or perennial bed. In fact, you probably can think of a dozen other uses for such a plant. And remember, best of all is its extreme hardiness and the ease with which it can be grown.

2-yr., well rooted plants, 35c each; 4 for \$1.25; 10 for \$2.75; 25 for \$5.50; 100 for \$20.00.

Dwarf Iberis or Hardy Candytuft—Practically Evergreen

Sedum Spectabilis or Live Forever—Versatile and Ruggedly Hardy

IBERIS—DWARF HARDY CANDYTUFT

EXCELLENT FOR FLOWERING EDGINGS—ALMOST EVERGREEN

One of the loveliest of the semi-dwarf plants. Foliage is almost evergreen, remaining green until almost New Years. Each spring the plant is covered so densely with white, snowflake-shaped blooms, that it really resembles a small mound of snow. Very hardy, easily grown and requires only average garden soil. Reaches only about 12 inches in height, which makes it invaluable for the foreground in perennial beds or for low borders.

Nice, 2-yr. plants, 40c each; 4 for \$1.50; 10 for \$3.50; 25 for \$6.50; 100 for \$25.00.

NOTE: All perennials are postpaid East of the Rocky Mountains. West of the Rockies add 2c per plant for extra postage charges.

GARDEN TO PROVIDE
PERMANENT COLOR AND BEAUTY

THESE ARE NICE, 2-YEAR FIELD-GROWN PLANTS
WILL BLOOM THIS SUMMER

GIANT FLOWERING GOLDEN HELIOPSIS *HELIOPSIS INCOMPARABILIS*

For rich golden color in the perennial bed we know of no other flower which will be more satisfactory. Perfectly hardy, it comes up year after year. This variety is extremely large flowering and the deep golden blooms are borne in abundance on 18- to 24-inch stems. Excellent for cutting, keeping for a long time in floral arrangements. Plant in groups of three or more for bright masses of color in beds. Nice 2-year plants which will bloom this year, 40c each; 4 for \$1.50.

Blue Flowering Linum Perenne—Hardy Flax

HARDY BLUE LINUM PERENNE

Every morning this fine plant presents you with an abundance of new blooms for cutting. Grows about 2 feet high and has feathery blue-green foliage. Truly sensational when used in bouquets with Painted Daisies, Shasta Daisies, Asters, Gypsophila, etc. May also be used as contrast blossoms with Lilies or Roses. Every garden should have a few of these plants.

35c each; 4 for \$1.25

HARDY BLUE FORGET-ME-NOT

ANCHUSA MYOSOTIDIFLORA

You will love the clear blue color of its dainty "Forget-me-not" blooms. Foliage is dark green, heavy and ornamental throughout the season. Flower stems are only about 12 inches long, thus making it ideal for the rockery, edging or border. Does well in shaded locations. Nice 2-year plants.

45c each; 4 for \$1.50

Dainty and Charming Hardy Blue Forget-Me-Not

Giant Golden Heliopsis Incomparabilis

Hardy Blue Flowering Daylily **HARDY FUNKIA**

Broad, pale green, fluted leaves, variegated by white band and varied streakings. Valued for its foliage as well as for the blue flowers hanging in loose panicles from heavy short stems. Grows 4 feet tall. 35c each; 4 for \$1.25.

BLUE PLATYCODON BALLOON FLOWER

Showy deep blue flowers from June to October. Buds resemble a small blown-up balloon, open into beautiful bell-shaped blooms of finest quality and texture. Grows to 2 feet and is fine for cutting. 35c each; 4 for \$1.25.

Genuine Old-Fashioned BLEEDING HEART

Beloved by all. One of the most delightful of the spring-flowering plants. Bears numerous rosy red, heart-shaped flowers pendent on long arching stems. Grows to a height of 2 feet. It was a favorite in grandmother's day and is still good. Don't fail to get it at this price.

2-Yr. Roots, 60c Each; 3 for \$1.60

Lovely, Old-Fashioned Bleeding Heart

Stokesia,
"Blue Moon"

[40]

AQUILEGIA - Columbine

MRS. SCOTT ELLIOTT'S FAMOUS HARDY, LONG-SPURRED HYBRIDS

One of the favorite plants with all lovers of beautiful perennials. Columbine seems to have an appeal all its own because of the lovely pastel shadings of color and the artful delicacy of its bloom form. Mrs. Scott Elliott's hybrids are as fine as can be grown. They have marvelous color range and are noted for long spurs on each bloom. **Being hybrids we cannot ship by color, but the mixture is well balanced and satisfactory.** 2-year, field-grown, 30c each; 4 for \$1.00.

Artemesia—Silver King or Ghost Plant

ARTEMESIA ALSO KNOWN AS "SILVER KING" AND "GHOST PLANT"—LOVELY FOR FOLIAGE A STRIKING, SILVER LEAVED, CONTRAST PLANT

A beautiful "mist" for setting off bouquets and floral combinations. A vigorous, quick-growing plant with a close network of branches, fine stemmed and slender leaved. A necessity for every flower arrangement. May be cut in the fall and dried for use in winter bouquets. Nice 2-year plants.

35c Each; 4 for \$1.25

BEAUTIFUL STOKESIA, "BLUE MOON"

A charming low growing perennial very popular because of its ornamental foliage and the clear, soft blue color of its blooms. Stems rise about 15 to 18 inches above the clump of deep green foliage and each stem bears a large flower with finely shredded petals. Hardy and will continue to bloom year after year.

2-Yr. Plants, 35c Each; 4 for \$1.25

Will Bloom for You This Summer

DAPHNE

(CNEORUM) EXOTICALLY FRAGRANT, WOODY,
ALMOST EVERGREEN, LOW GROWING PERENNIAL

Dwarf spreading plant with rather trailing branches, yet holding the form of a low mound. Small, slender foliage is densely placed and remains practically evergreen. The real thrill comes in April and May when the small, soft pink blooms appear in such profusion as to make the entire plant appear as a low pink mound. Has a particularly sweet and penetrating fragrance. Splendid plant to use in a rock garden located in semi-shade, or for use in front of taller growing perennial plants. **Nice plants from 3-inch pots, \$1.00 each; 3 for \$2.50.**

Pink Carnation, "Triumph Rose"

LIATRIS, "SEPTEMBER GLORY"

ALSO KNOWN AS "BLAZING STAR" or
"GAYFEATHER"

New late-flowering variety of the ever-popular Blazing Star. Extremely long flower spikes of pinkish purple are borne on strong stems all through August and September. Very desirable for cutting and a plant which should be in every garden. Unexcelled for mixed bouquets and widely used by florists for artistic arrangements. Grows 3½ feet tall. **Nice, 2-yr. roots, only 35c each; 4 for \$1.25.**

Fall Blooming Liatris,
"September Glory"

GIANT FLOWERING
PEDIGREED HYBRIDS
AMERICA'S FINEST

HARDY PRIMROSES

This new strain of Hardy Primroses is almost beyond the power of words to describe. Individual florets are as large as a half dollar—and several of them are grouped in each cluster. Color mixture is superb, including many of the new pastel shadings. This is the finest strain of Hardy Primrose we have ever seen and you will have to see them blooming on your own grounds to really appreciate just how spectacular they are. We thought so much of it that we paid nearly \$200 for our first thimbleful of seed, just to get a start of them. **We offer nice, 2-yr. plants in mixed colors only at 55c each; 3 for \$1.50; 10 for \$4.00.**

NOTE.—All Perennials are Postpaid east of the Rocky Mountains. West of the Rockies add 2c per plant for extra postage.

Mature Daphne in Full Bloom

TWO CHARMING HARDY CARNATIONS, "TRIUMPH ROSE", Pink

One of the most exquisite in color and fragrance of all the hardy Carnations. A good grower and produces blooms freely from early summer until freezing weather. Stems 12 to 15 inches long make them ideal for cutting. Large, double, Carnation blooms of clear rosy pink color and exotic fragrance. **Field-grown plants will bloom this year.**

HARDY CARNATION, "BLACK KNIGHT"

Spicy Fragrance—Fine for Cutting

Bright satiny blackish red color, exquisite fragrance and general hardiness make this beautiful Carnation a necessity in every garden. Grows 12 to 15 inches high and blooms all through the summer. Flowers are 90 per cent double, although a plant will throw a single bloom now and then. **Field-grown plants, will bloom this year.**

YOUR CHOICE OF THE CARNATIONS ABOVE:
35c each; 3 for \$1.00; 6 for \$1.75; 12 for \$3.00; 24 for \$5.00.

NOTE.—We can also furnish a pure white, hardy Carnation similar to the Pink and Red described above at same prices.

EVERGREENS

WHICH WILL ADD BEAUTY
AND DISTINCTION TO YOUR
HOME AND SURROUNDINGS

PYRAMID ARBOR-VITAE

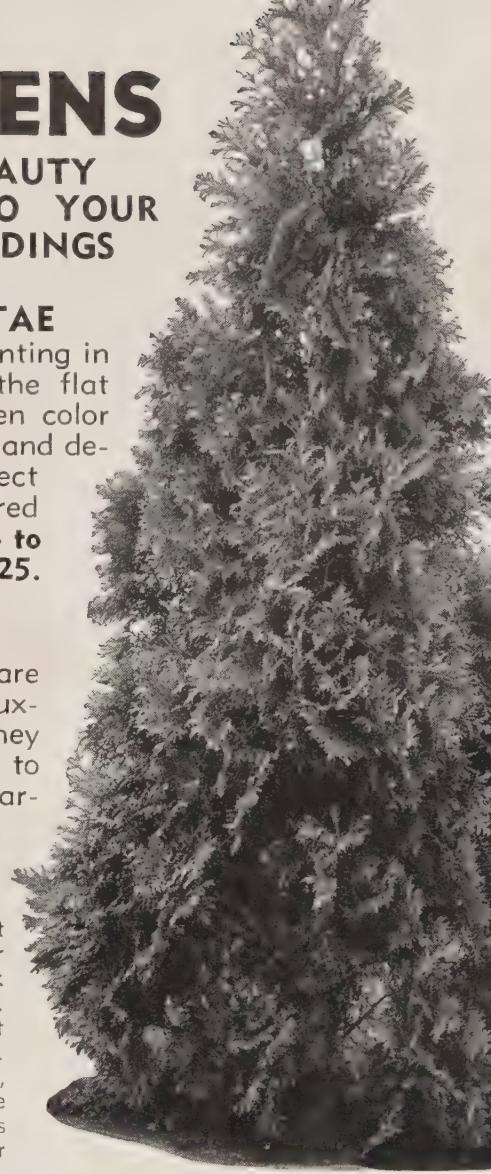

For foundation or group planting in all landscape work. Retains the flat foliage and lovely bright green color at all seasons. Grows compact and develops naturally into perfect pyramidal form. May be sheared for strictly formal effects. **18- to 24-inch, \$1.75 each; 2 for \$3.25.**

YEWS

Without doubt the Yews are among the finest and most luxuriant evergreens grown. They are extremely hardy, easy to grow, do well in shade, and harmonize with any other plant.

SPREADING YEW

The spreading variety throws out sweeping branches similar to Pfitzer Juniper. May be kept trimmed back to desired size or to fit allotted space. Foliage is a shade of deep green, soft to the touch and always fresh looking. May be kept sheared for a low hedge, allowed to grow its graceful wandlike branches for informal corner plantings or trimmed into compact shape for formal effects. After the plant is several years old numerous red berries are borne close to the branches, remaining into the winter. **Well rooted, 12- to 15-in., \$2.50 each; 2 for \$4.50.**

Above—Pyramidal Arbor-Vitae

COLORADO BLUE SPRUCE

One of the hardiest and most beautiful of all evergreens for specimen planting. Should have plenty of room to develop its branches and stately form. Since Colorado Blue Spruce are grown from seed there is some variation in the blue shading, especially when the trees are young. Should be planted where they have plenty of sunshine to get best color effect. Very young trees are not particularly shapely but the typical symmetrical form comes as the plants grow to 3 feet or more in height. **We offer well rooted, 12- to 15-inch trees at \$2.25 each; 2 for \$4.25.**

JUNIPER HORIZONTALIS

(Andorra Juniper)

Very popular with those who want a prostrate creeping type for use along steps, for rockery planting or for use as a bank cover. Rarely exceed 10 to 12 inches in height. Richly colored foliage which blends well with any other plants used. **We offer plants of 12- to 15-inch spread at \$1.25 each; 2 for \$2.25; 6 for \$6.00.**

Juniper Horizontalis

UPRIGHT YEW

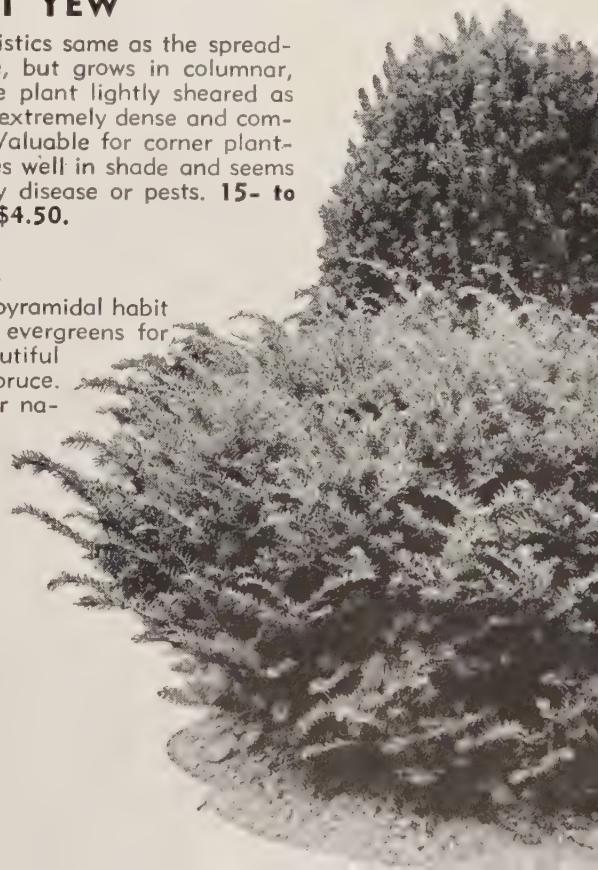

General foliage characteristics same as the spreading variety described above, but grows in columnar, erect form. By keeping the plant lightly sheared as it grows, the foliage will be extremely dense and compact from the ground up. Valuable for corner plantings and accent pieces. Does well in shade and seems to be very little affected by disease or pests. **15- to 18-in., \$2.50 each; 2 for \$4.50.**

Below—Spreading and Upright Yews

DOUGLAS FIR

A lofty, elegant tree of perfect pyramidal habit of growth. One of the really fine evergreens for specimen planting. Has a beautiful bluish color similar to the Blue Spruce. However, the foliage is of a softer nature and growth is more rapid. Very hardy to withstand severe weather conditions and develops into a sturdy, valuable tree. **Well rooted, 15- to 18-in. trees, \$1.75 each; 2 for \$3.25.**

NOTE: All evergreens are priced F. O. B. the nursery. You pay shipping charges to your postman or express agent upon arrival.

Orange Glow, Yellow; Avalanche, White; Jean Treadway, Pink;
Reveller, Coppery Bronze

TWO OF THE BEST HARDY FALL ASTERS

NO BETTER FLOWER TO GIVE LOTS OF COLOR TO FALL GARDENS—THEY ARE
NICE, 2-YEAR, FIELD-GROWN ROOTS—WILL BLOOM THIS YEAR

HARRINGTON'S PINK. Without doubt the Harrington's Pink Aster has been one of the most beautiful new plants to be placed on the market. Its rich, clear pink color, good growing habits, hardiness and free blooming qualities have made it one of the largest sellers and most popular of perennial plants.

We have a nice stock of these in 2-year, field-grown plants and we know you will be pleased when they start blooming in your gardens late this summer when other blooms are scarce.

VIOLETTA. A mound of rich purple loveliness in late summer and fall when blooms are scarce on other plants. You'll love the profusion with which "Violetta" produces its colorful blooms. Sturdy and hardy, it will come up year after year and provide beauty in the perennial bed or bright contrast when planted in front of or among shrubs in the border. Two-year plants which will bloom this summer.

Your Choice of the Two Hardy Asters Above:

Mum plants will be shipped from pots after May 1st.

FOR COVERING BANKS, SLOPES or ROCKERY DWARF PINK CREEPING PHLOX

One of the most beautiful of the low creeping plants is Phlox Subulata. Use it liberally in those spots where no other plant seems to do well and you will be delighted with the results. It is hardy under most conditions and is a mass of color in early spring. Plant 1 foot apart each way to make dense ground cover in short time.

2-Year, Field-Grown Plants
30c Each; 4 for \$1.00; 12 for \$2.50

Dwarf Pink Creeping Phlox—Ideal Ground or Rockery Cover

EVERGREENS

FOR PERMANENT INCREASE
IN PROPERTY VALUES

GOLDEN ORIENTAL ARBOR-VITAE

(*Biota Aurea Nana*)

A very slow growing, compact variety of the dwarf type. The flattened leaves face outward edgewise, presenting a beautiful surface of vertical fluted lines. Color is a fresh yellow-green, very striking in appearance and valuable in foreground planting. 12 to 15 in., \$1.75 each; 2 for \$3.25.

Juniper Stricta—Spiny Greek

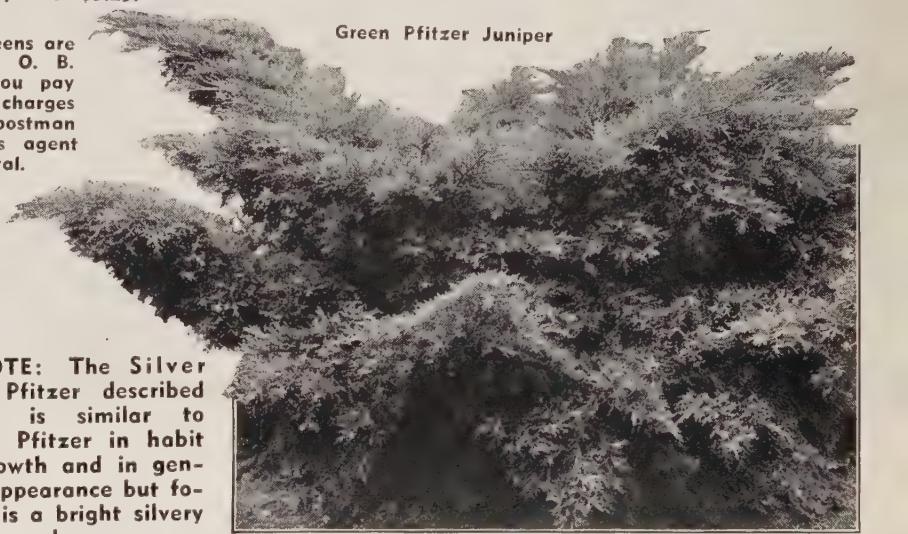

JUNIPER STRICTA

(Spiny Greek Juniper)

For a semi-dwarf pyramidal Evergreen, Juniper Stricta cannot be surpassed. Foliage is a silvery blue, very compact and cedar-like. Reaches about 4 feet at maturity in our section of the country. Will get slightly larger in the South and not quite as large in northern sections. Excellent to use where height is a factor in planning a planting. We offer nice plants in 12- to 15-inch size at \$1.75 each; 2 for \$3.25.

All Evergreens are shipped F. O. B. nursery. You pay shipping charges to your postman or express agent upon arrival.

Green Pfitzer Juniper

NOTE: The Silver Blue Pfitzer described below is similar to Green Pfitzer in habit of growth and in general appearance but foliage is a bright silvery blue in color.

Golden Oriental Arbor-Vitae

Hemlock—Recommended For Shady Spots

PFITZER JUNIPER

The well known, gracefully spreading, low-growing Evergreen with sweeping fronds of fresh green foliage. Very hardy and does well in sun or shade. Quite rapid in growth when once established. The spreading branches should be kept sheared to form a dense mass of foliage. Allow tips to grow to size desired and then keep in bounds by trimming. (See next page for other Evergreens which do well in shade.) 12- to 15-inch spread, \$2.00 each; 2 for \$3.75.

(Can also furnish Savin Juniper in same size and at same price as above.)

SILVER-BLUE PFITZER JUNIPER

(U. S. Plant Pat. No. 422)

Imagine all the famous good qualities of the Pfitzer Juniper now combined with a beautiful new silvery blue color. Color is as intense and even as the Koster Blue Spruce. Entirely hardy in any section of this country. Grows a little more compact and has slightly finer foliage than the well known green Pfitzer. Otherwise habits are the same. 12- to 15-inch spread, \$2.25 each; 2 for \$4.25.

Juniper Fastigiata

FASTIGIATA JUNIPER

The New Columnar Juniper

Similar to Irish Juniper in foliage and color but grows tightly compact and columnar. The last word in Evergreens for doorways and formal effect. We have a nice stock of these in 18-inch size, the nicest size for transplanting, and offer them at only \$1.75 each; 2 for \$3.25.

HEMLOCK

Another splendid Evergreen which does well in partially shaded spots is the Hemlock. It is one of the most graceful growing of plants. Foliage is a light fresh green which always looks well in any planting. Will grow to quite large size if left untrimmed; however, the plants should be kept lightly sheared as they develop, thus they will become much more beautiful and foliage will be dense and compact. When the desired height is reached the trees may be kept there by trimming back each year. We have a nice block of these in 12- to 18-in. size at \$2.75 each; 2 for \$5.00.

Two COMPLETE COLLECTIONS of EVERGREENS For Planting Average Homes. Distinctive, Luxuriant, Colorful Varieties. Increase Property Value Many Times Their Original Cost.

① Pyramidal Arbor-Vitae ③ Juniper Stricta ⑤ Golden Oriental Arbor-Vitae ⑦ Golden Oriental Arbor-Vitae ⑨ Spreading Yew

Camellia Type Tuberous Begonias

Highest Quality, Selected STRAWBERRY PLANTS

Best and Favorite Varieties for Home Gardens or for Commercial Plantings . . .

(AVAILABLE FOR SPRING PLANTING ONLY)

An Outstanding NEW Strawberry Combining Unexcelled Flavor with Better Keeping and Ripening Qualities

"SIOUX"

A great many varieties of berries have been developed and introduced from time to time but only rarely is one developed which is good enough to become a popular favorite in all sections and good enough to endure for years.

We believe such a new berry has been developed in the New "SIOUX" variety. It has proven itself in all tests and we do not hesitate to recommend it to our customers.

Plants are vigorous, mature rapidly, are hardy and withstand hot seasons. Fruits are extra large, have excellent color and have an extra sweet flavor. Berries are firm and keep well for market or shipping. Hold shape in cans and are fine for freezing. We know you will be pleased with this new variety when once you plant them. 25 for \$1.50; 100 for \$3.75; 500 for \$16.00; 1000 for \$30.00.

NOTE

Due to quarantine restrictions we do not ship Strawberry plants into the following states: California, Washington, Montana, Utah, Nevada, Colorado, Oregon, Arizona and Florida.

Your berry crop will be no better than the plants you set. It pays to buy only the best. We believe our Strawberry plants are as good as you can buy.

Shipping Charges On Strawberry Plants

All Strawberry Plants are sent Prepaid at prices listed to all areas into which we can ship them. (See list of States at left into which we do not send any berry plants.)

PREMIER

A money-making, frost-proof Strawberry; hardy, productive, very beautiful and attractive. Succeeds everywhere, never fails to produce a big crop every year. There is a greater demand for commercial planting than for any other early variety. An excellent shipper and canner. Sells for fancy prices on the market. 25 for \$1.00; 100 for \$2.75; 500 for \$10.00; 1000 for \$17.00.

SENATOR DUNLAP

Perhaps no other Strawberry is so favorably known throughout the country generally as the old reliable Senator Dunlap. It enjoys the distinction of producing full crops in a wider range of soil and climate than almost any other variety. Fine for both home and commercial use. 25 for \$1.00; 100 for \$2.25; 500 for \$8.00; 1000 for \$14.50.

ROBINSON

A grand new berry which we think will become as popular as the well known Premier. Plants are vigorous growers and mature very heavy crops of excellent berries. Fruits are large, bright red, solid and have a delightful flavor. Keep well after picking, either for shipping or for home use. Hold shape when canned and are unexcelled for quick freezing. 25 for \$1.00; 100 for \$2.75; 500 for \$10.00; 1000 for \$17.00.

REGARDING THE QUALITY OF STRAWBERRY PLANTS

In looking through the many catalogs you receive you will notice that many claim to be the largest growers of plants, many claim to grow the best plants. We have bought plants from some that make extravagant claims in different sections of the country and we may truthfully say that we have never received any better plants than those we send to our customers. We guarantee the plants we grow and sell to be as large and as fine as you get anywhere (no matter what you pay) and to be put up in as good condition. If grown side by side, under like conditions, they will produce as much and as good fruit.

PRIZE STRAWBERRY COLLECTION

Have fresh Strawberries from early spring until snow flies. This home garden group gives you three excellent regular varieties, covering a long bearing season, plus one of the best everbearers. Have your own fruit! Plant this spring!

Collection Consists of the Following:

- 25 PREMIER
- 25 ROBINSON
- 25 SENATOR DUNLAP
- 25 STREAMLINER (Everbearer)

A \$5.00 Value

TWO PROLIFIC NEW EVERBEARERS

HAVE FRUIT EARLY AND LATE! THESE VARIETIES WILL PRODUCE IT

LUSCIOUS NEW EVERBEARING VARIETY

"SUPERFECTION"

**The Last Word in Strawberry Goodness
A Sure Profit Producer for a Roadside Market**

A new everbearer and one which you will like from the moment you set the husky and vigorous growing plants. Under normal conditions, you will be having ripe berries 90 days after you set them out. "SUPERFECTION" will withstand hot summers and cold winters and continue to produce tremendous crops of delicious berries year after year. Fruits are large, have a wonderful color, are firm for market or shipping, hold their shape when canned and are excellent for freezing. A real profit maker for a roadside stand as they command top prices when other Strawberry varieties are out of season. You'll love the sweet, melting flavor of the large, red-to-the-center berries. If you want to grow everbearers we recommend that you try this outstandingly good new variety.

25 for \$2.00; 100 for \$6.50; 500 for \$30.00; 1000 for \$55.00. See opposite page for shipping charges.

PROLIFIC NEW EVERBEARER WHICH PRODUCES UNUSUALLY SWEET BERRIES

"STREAMLINER"

**The Sweetest Strawberry We Know Of
Large In Size—Meltingly Good To Eat**

**Save Sugar When Canning or When Using
On The Table—Grow "Streamliner"**

This new berry is of immense size, a sure cropper, of choice quality and an extremely vigorous grower. These fine qualities make it much prized by those who grow berries for market. Starts bearing early in the season and continues to bear heavy crops until long past frost. A beautiful bright colored berry of fine flavor; excellent for market, for canning or for locker storage after quick freezing.

25 for \$1.50; 100 for \$4.50; 500 for \$20.00; 1000 for \$35.00. See opposite page for shipping charges.

"RED LAKE" Currants

Late introduction. Fruit bright red and large. Clusters are long and size of berry is uniform to end of bunch. Flavor is rich and sub-acid with plenty of pulp and few seeds. We believe it to be the best variety grown today. **2-yr. plants, 45c each; 3 for \$1.15; 10 for \$3.00.**

Plant Currants 3 to 4 feet apart and keep cultivated. Each spring cut out all old wood and leave but 4 or 5 of the strongest new canes to produce new crop. Burn all the trimmings as soon as job is completed. Keep well fertilized.

NOTE: CURRANTS CANNOT BE SHIPPED INTO THE FOLLOWING STATES—

California, Washington, Oregon, Idaho, Montana, Colorado, Nevada, Utah, Arizona, Florida, Connecticut, Maine, Maryland, Michigan, Massachusetts, Minnesota, New Hampshire, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Wisconsin, New Jersey, West Virginia.

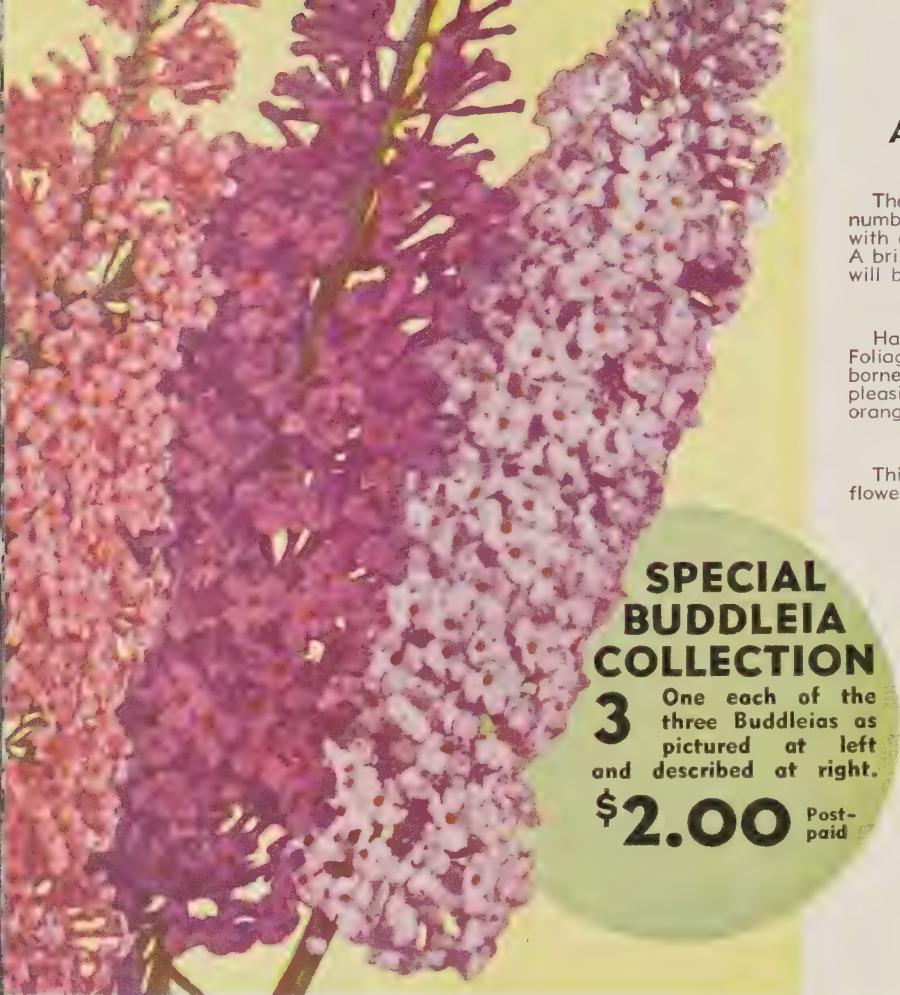

**Grow Your Own
Strawberries at a
Cost of Only 1c
per Quart**

NOTE: SEE OPPOSITE PAGE FOR LIST OF STATES INTO WHICH WE DO NOT SHIP ANY BERRY PLANTS

For Perfect Jelly—Red Lake Currants

SPECIAL BUDDLEIA COLLECTION

3 One each of the
three Buddleias as
pictured at left
and described at right.

\$2.00 Post-
paid

THREE SPLENDID BUDDLEIAS ALSO KNOWN AS "SUMMER LILACS"

ROYAL RED PLANT PATENT No. 556

The reddest Buddleia to date. It will surprise you with the great number of shoots it throws up to a height of 5 feet, each tipped with a 15- to 18-inch long spike of glistening, satiny, purplish red. A brilliant variety for cutting. All of the three Buddleias described will bloom this year. 85c each.

HARTWEGI

Has proved its hardiness and beauty. Bush is of compact habit. Foliage very heavy and of superb dark green. Flower sprays are borne on every branch, and are large and well shaped. Color a pleasing bright lavender with each tiny floret having a distinct orange eye. Excellent for cutting. 75c each.

PINK CHARMING

This exotic Buddleia is indeed a Pink Charming. Extra long flower panicles, many measure 15 to 18 inches long, full and tapering perfectly toward the top. Plant is hardy and foliage of clear green, blends with any background. Like all the Buddleias, new shoots come up from the ground each spring. The old wood dies back during the winter and should be pruned out as soon as new growth starts. 75c each.

All Buddleias are postpaid East of the Rocky Mts. West of the Rockies add 5c per plant for extra postage charges.

GORGEOUS YELLOW DAYLILIES

HEMEROCALLIS—EASY PERENNIAL TO GROW

As lovely as the finest Lilies and as easily grown as a weed. These brilliant Daylilies will bring weeks of color to your garden. Exquisitely formed blooms are borne over a long period in the middle of the summer when other flowers are scarce. Graceful 24- to 36-inch stems make them valuable for cutting. We will send you 4 different, lately introduced varieties, one of which will be the gorgeous double flowering variety so much in demand, "Kwanzan." This root alone is worth almost as much as we ask for the group of four. All will bloom this summer.

4 for \$1.50—One of each of four different varieties including one double flowering "Kwanzan."

8 for \$2.50—Two of each of four different varieties including two double flowering "Kwanzan."

PINK ASTILBE, GLORIA

Hardy plant of the most striking character. Attractive foliage, and in June and July the plant throws up long, plumes of rosy pink bloom on 18-inch stems. Because of their feathery character and brilliant coloring, they are exceptionally showy during their blooming season of approximately three weeks. Excellent for low summer hedges, in perennial beds, or for accent pieces against shrub backgrounds. Blooming size, fibrous bulbs, 65c each; 3 for \$1.60.

Daylilies, Astilbe Fanal and Astilbe Gloria are all postpaid east of the Rocky Mountains. West of the Rockies add 5c per plant for extra postage.

HARDY Flowering VINES FOR LIVING SCREENS

CLEMATIS Five of the Finest Varieties

JACKMANI One of the best and freest flowering varieties we know of. The flowers, when fully expanded, are from 4 to 6 inches in diameter. Intense violet-purple, with a rich velvety sheen, distinctly veined. July until frost. \$1.00 each; 2 for \$1.75.

RAMONA This beautiful Clematis carries a suggestion of lost Indian legend; lingering memories of a vanished race. Large, lavender-blue blooms in profusion. Hardy and easy to grow. Very large, rounded petals. \$1.00 each; 2 for \$1.75.

MME. EDOUARD ANDRE

Flowers as large as Jackman and a rich deep rosy pink. Very free flowering, and a continuous bloomer. \$1.00 each; 2 for \$1.75.

PANICULATA

SWEET-SCENTED CLEMATIS

Noted for the fragrance of its blooms. Very vigorous and rapid grower, quickly covering a lattice or trellis. Flowers are of good size and color is creamy white. Hardy and easy to grow. 75c each; 3 for \$2.00.

HALL'S Sweet-Scented HONEYSUCKLE

A strong, vigorous evergreen variety of Honeysuckle, with pure white flowers changing to yellow. Very fragrant and covered with blooms from June to November. 2-yr., 50c each; 3 for \$1.25.

PURPLE WISTERIA

A beautiful climbing vine of rapid growth, producing long pendulous clusters of pale blue flowers. Fine for shading the upper part of a house. Will wind its way up any support. 2-yr. grafted plants, \$1.00 each; 2 for \$1.75.

Silver Lace Vine—A White Lace Curtain for the Pergola

Clematis Jackman—Large Blooms of Deep Satiny Purple

"SCARLET BEAUTY" HONEYSUCKLE

ONE OF AMERICA'S MOST BRILLIANT FLOWERING VINES—EVERBLOOMING—EVERGREEN

Blooms all summer. Loads of richly fragrant, brilliantly colored blooms. Inside of each bloom is bright gold with outside of petals bright rosy red. Excellent for foliage and cover as the leaves remain green until long after freezing weather. Rapid, vigorous grower. Nice, 2-yr. plants, 75c each; 3 for \$2.00.

Scarlet Beauty Honeysuckle

SILVER LACE VINE

In a few short years this has come to be America's No. 1 vine for covering pergolas, archways, arbors, lattice, fences, etc. It is graceful, hardy and easy to grow. Will grow 25 feet or more in a season and a fully developed specimen is a cloud of misty white, with tints of yellow and pale rose, suggesting old lace. One of the most satisfactory vines. 75c each; 3 for \$2.00.

NOTE.—All Vines are Postpaid east of the Rocky Mountains at prices listed. West of the Rockies add 5c per plant for extra postage.

(Clematis Vines cannot be shipped into the State of California.)

GRAPE VINES

All Heavy Rooted, 2-Year Plants

CONCORD One of the most popular and reliable Grapes ever grown. Bunch is large, compact and well shouldered. Berries are large and round, almost black in color with blue bloom. Juicy and delicious with a very sweet buttery flavor.

FREDONIA The great early bluish black Grape which has taken the country by storm. One of the largest, sweetest and finest Grapes which has ever been introduced.

MOORE'S EARLY A large Grape ripening about a week earlier than Concord. Rapid grower. Berries large and of excellent quality. Makes a good moderate yield and is valuable as an early Grape.

NIAGARA Occupies the same position among the white varieties that Concord does among the blacks. Bunch and berries are large, greenish white changing to pale yellow when fully ripe. Skin is thin but very tough, making them ideal for market use. A reliable cropper.

PORLAND The newest white Grape and the first to ripen of the Grape family. Individual Grapes are larger than the Niagara and are sweet and luscious.

CATAWBA Early red Grape. Fruit extra large, the bunches are compact and of good size. Flavor is of the finest. Fruit is sweet and juicy.

NOTE BEFORE ORDERING GRAPE VINES—We do not ship Grape plants into the following states: California, Washington, Oregon, Montana, Colorado, Utah, Nevada, Arizona and Florida.

PRICES OF ALL GRAPE VINES IN VARIETIES ABOVE

2-Year Plants
40c each; 5 for \$1.75;
10 for \$2.75; 25 for \$6.25.

(Write for prices if interested in larger quantities.)

Shipped Prepaid into all areas into which we can ship them. See list of States above to which Grape Vines are not shipped.

Grapes should be planted 6 to 8 ft. apart in well-cultivated soil. Cut back to 3 eyes or buds when planting. Keep trained on wires or other support. Cut back severely each spring.

GOLDEN MUSCAT

One of the finest of the newer Grapes. Large in berry and bunch; sweet, juicy and firm in flesh. A splendid Grape for either home use or for market.

Heavy rooted, 2-year vines:
90c each; 3 for \$2.50;
10 for \$7.50

SPRING'S DELICIOUS HEALTH FOOD

ASPARAGUS

Famous "Martha Washington" Variety

The first vegetable to come up in the spring garden. The Martha Washington variety stands supreme for its growing habits and delightful flavor. 100 roots will supply the average family and will last for years. Set 10 inches apart in rows. Spread the roots out in the bottom of the holes and tamp soil firmly. Plant so that there is about 2 inches of soil over the crowns of the plants. **2-year-old roots, \$1.00 per doz.; 25 for \$2.00; 100 for \$5.00.**

Postpaid East of the Rocky Mountains. West of the Rockies add 1/2c per plant for extra postage.

FOR MELTING GOODNESS IN FRUIT, PLANT Giant Thornless BOYSENBERRIES

The most popular and in heavy demand everywhere. Giant berries 2 inches or more in length, have a tangy flavor, are dark maroon in color and unexcelled for use as fresh fruit, for locker storage after quick freeze, or for canning.

Plants are entirely thornless and bark is smooth and green. A matured plant will easily produce 8 to 12 quarts of berries in a season. Plant in good soil and keep well cultivated for best results. **No. 1 plants, 6 for \$1.25; 12 for \$2.00; 25 for \$3.00; 100 for \$10.00.**

HOW TO GROW BOYSENBERRIES SUCCESSFULLY

Set plants with roots 4 inches deep. Plant about 6x6 ft. for field culture. May be set 5 feet apart in garden. Keep well cultivated. Allow new canes to grow out on the ground. In late fall lay runners in the row and cover with straw in severe climates. Remove the mulch in spring when buds begin to show and tie up all canes to wire stretched over posts 3 feet high. Allow to remain tied until after crop is picked, then cut off at ground and remove all wood and burn. Allow new canes to run on ground during summer and handle as before.

**For Delicious Fruit, Either Fresh or Canned,
Plant Some of These Large Fruiting**

CULTIVATED BLUEBERRIES

Grow successfully from coast to coast. **Big profits, as bushes bear heavily and market is always good. Early berries bring from 35c to 50c a pint.**

The ideal plant for low spots where soil is sour. On higher ground some woods dirt or well-rotted leaves should be mixed into the soil, as they require an acid condition.

Plants last a lifetime when once established. The plants we offer will start bearing the first year after planting.

May be used as an ornamental shrub, as foliage and blooms are very attractive. If you do not have room for them elsewhere, plant them along the shrub border.

For field planting, space 5 by 7 feet and keep cultivated.

(Note.—We send assorted varieties to insure pollination.)

Bearing age, 18- to 24-inch plants, 3 for \$4.50; 10 for \$12.50.

Giant Stalks of MacDONALD Red Rhubarb

NOTE.—Regarding shipping charges on Fruit Plants. Fruit Plants are sent Pre-paid at prices given, to all areas wherein we can ship them. Note at right the States into which we do not ship any fruit plants or trees.

FOR GIANT STALKS AND DELICIOUS FLAVOR

MacDONALD Rhubarb

Stalks are of giant size on mature plants, and a rich rosy red in color. (See picture at left.) This beautiful color carries through the stalk. Flavor is mild and pleasing. This new Rhubarb never becomes tough or stringy. Just cut in small chunks and cook. Do **not** remove the tender skin; it cooks right up with the stalk.

**Nice, 2-year Divisions
60c each; 3 for \$1.50;
10 for \$5.00.**

Postpaid east of the Rocky Mountains. West of the Rockies add 5c per root for extra postage.

BLUEBERRY CULTURE

Set plants 4x4 feet apart in cultivated acid soil. Blueberries must have acid soil to thrive and if your soil is not acid, mix in liberal quantity of peat moss to attain acid condition. Use plenty of peat or leaf mold around roots when setting plants. Keep well watered at all times unless you have them planted in a low spot where natural moisture abounds.

NOTE.—Before ordering any Fruit Plants. We do not ship fruit plants to the following States: California, Washington, Oregon, Montana, Nevada, Colorado, Utah, Arizona, and Florida.

Cultivated Blueberry Bushes Begin Bearing When Small

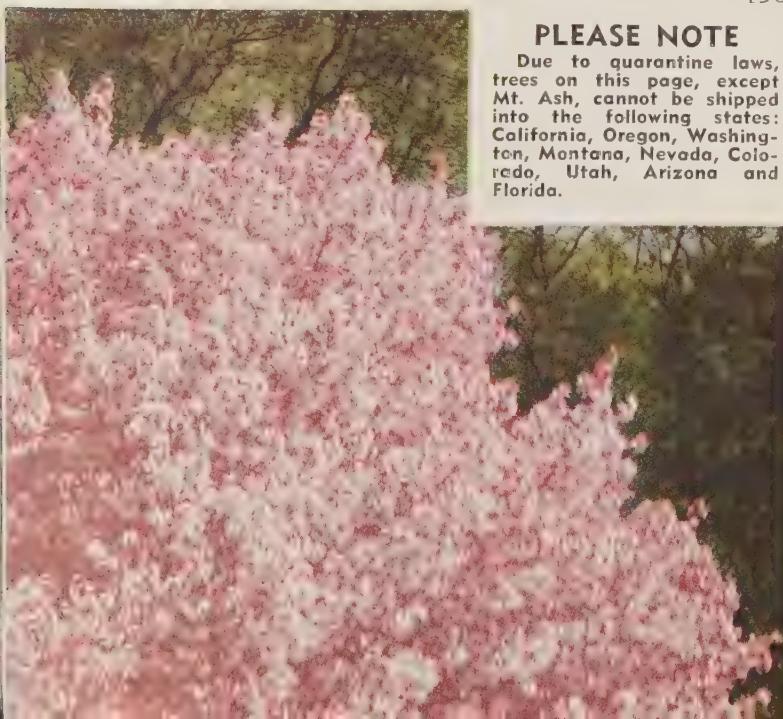

Double Pink Flowering Peach Blooms

"Thundercloud" Blood Leaved Plum

"Eleyi" Pink Flowering Crab

Brilliant, Valuable, Ornamental Trees for Your Lawns

Increase Property Values

PINK FLOWERING PEACH TREE

Symmetrical spreading tree, growing to a height of about 20 feet. The large, reddish pink flowers which come before the leaves appear in the spring, present a vision of loveliness against the new green of an early spring lawn. An outstanding ornamental in any planting. Ideal as a specimen plant or fine for group plantings. **Heavy rooted, 2- to 3-ft. trees for only \$1.00 each; 2 for \$1.75.**

MOUNTAIN ASH

One of the most ornamental of all trees. Fine foliage which turns a brilliant orange-red in fall. Clusters of flashy orange colored fruits brighten the fall landscape and often remain all through the winter. **Heavy rooted, 5- to 6-ft. trees, \$2.00 each; 2 for \$3.75.**

"Thundercloud"

New Blood Leaved Plum

A dwarf tree of excellent shape, bearing foliage of a deep rich blood-red. As the season advances the colors become darker, gradually changing to a dull growing bronze in fall. Tree is covered with pink blossoms in early spring. **Heavy rooted, 3- to 4-ft. trees, \$1.50 each; 2 for \$2.75.**

"ELEYI"

Pink Flowering Crab

This sensational Flowering Crab is beloved by all who have ever seen it. Rapid grower, very shapely in form, and at blooming time is a cloud of beauty on the landscape. Flowers are rich shell-pink in color and are followed by small ornamental fruits. **4- to 6-ft. trees, \$1.50 each; 2 for \$2.75.**

[56]

PLEASE NOTE

Due to quarantine laws, trees on this page, except Mt. Ash, cannot be shipped into the following states: California, Oregon, Washington, Montana, Nevada, Colorado, Utah, Arizona and Florida.

Mountain Ash

Double Flowering Cherry "Kwanzan"

ALSO KNOWN AS "SACRED GATE" CHERRY

The loveliest of all the flowering trees. Fast growing tree and perfectly hardy. Excellent as an ornamental the year 'round, but of course, its crowning glory comes when it is completely covered with exquisite pearly pink blossoms. For planting along driveways it makes a delightful approach to any home. Plant 15 to 18 feet apart. **Nice, well-rooted trees, 3 to 4 ft. high, \$2.50 each; 2 for \$4.50.**

Double Flowering Sacred Gate Cherry, "Kwanzan"

Pink Flowering Dogwood

TRUE BUDED TYPE PINK FLOWERING DOGWOOD

CORNUS FLORIDA RUBRA
(See page 19 for White Flowering Dogwood.)

Symmetrically spreading tree, growing to a height of about 20 feet. The large reddish pink flowers which come before the leaves appear in the spring, present a vision of loveliness against the new green of an early spring lawn. Foliage is a deep green turning to rich bronzy red in autumn. Ideal as a specimen plant or fine for group plantings. 2-ft. trees, \$2.00 each; 2 for \$3.50.

NEW DWARF CORKBARK SHRUB

EUONYMUS ALATUS
Brilliant Fall Foliage

A new attractive shrub because of its heavily ridged branches. Flutings resemble layers of cork. New dwarf type. Foliage is especially fine in autumn when it changes to many brilliant shades. Grows 3 to 4 feet tall. 2-yr., 85c each; 3 for \$2.25.

BRILLIANT GOLDEN RAIN TREE LABURNUM VOSSI

An exotic dwarf tree which brings golden glory to your plantings. Grows about 12 feet high normally but may be kept trimmed and grown in shrub form if desired. Foliage is highly ornamental and in May the branches are literally covered with rich, golden yellow blooms which hang in loose panicles sometimes a foot in length. Individual florets resemble a Sweet Pea blossom. Use with shrubs in the border or as specimens on the lawn but allow plenty of room for it to develop a shapely form. Does well in sun or semi-shade with ordinary soil conditions. **Prices at right.**

Euonymus Alatus or Cork Bark Shrub

[57]

Altheas—Rose of Sharon

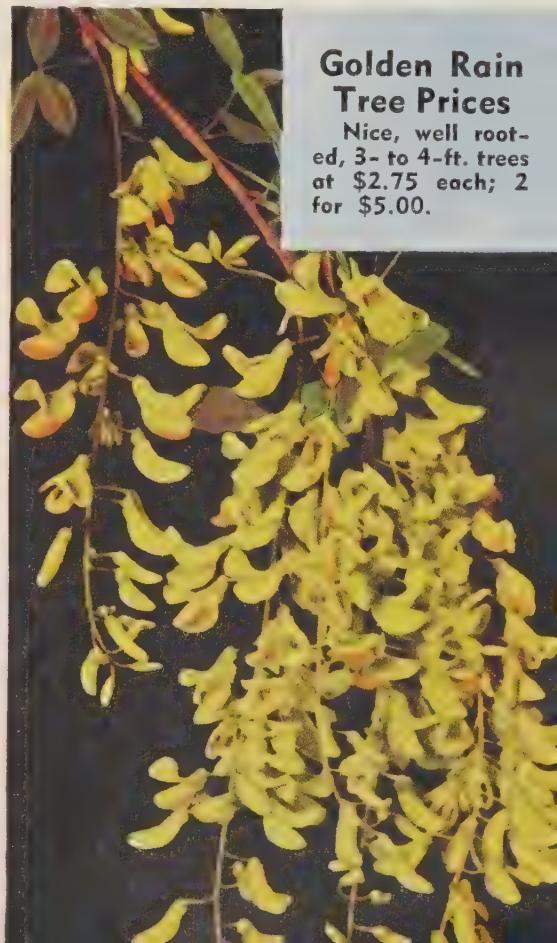

ALTHEAS DOUBLE FLOWERING ROSE OF SHARON

Tall, beautiful flowering shrubs. Double flowers resemble Roses with tightly curved petals. Color shades stand out vividly in group plantings or as specimens. Very hardy and bloom long and lavishly.

Note.—The Altheas are very late in leafing out in the spring. Do not be alarmed if they stand dormant up into June.

We offer 4 distinct and beautiful colors: Red, Pink, White and Blue. **Your choice at 65c each; or 4 for \$2.25.**

ed, 3- to 4-ft. trees
at \$2.75 each; 2
for \$5.00.

Apricots—One of Our Most Delicious Fruits but Usually Scarce On the Market

Plant Apricot and Nectarine trees 20 feet apart. May be planted 15 ft. apart on city lots or where conditions necessitate.

Hardy Nectarine

HARDY NECTARINE

A Unique and Flavorful Home Fruit

One of the most sensational as well as delicious fruits ever introduced. Combines the best qualities of the Peach and Plum. Fruit is large, fine flavored, juicy and melting to the taste. Smooth skinned. Unequalled as a fresh fruit or for canning. Include this fruit in your order. Plant 20 feet apart. 2-year, 3- to 4-ft. trees, \$1.50 each; 3 for \$4.00; 6 for \$7.50.

TWO SPLENDID DELICIOUS APRICOTS

GROW YOUR OWN FRUIT AND BE ECONOMICAL

MOORPARK. Extremely valuable as a fresh fruit and a superior fruit for canning or drying. There is always a good market for Apricots at top prices. One of the largest and finest Apricots. Rich yellow with orange blush. Flesh sweet and juicy, and rich. Freestone and very productive.

SUPERB. Fine, large variety. Fruit roundish, large and slightly compressed. Color dull yellow with red blush. Flesh orange tinted, firm and sweet with a rich, vinous flavor. Ripens the latter part of July.

Your Choice of Above Apricots
\$1.50 Ea; 3 for \$4.00; 6 for \$7.50
Nice, Well-Rooted, 3- to 5-Ft. Trees

NOTE.—Due to State Quarantine Laws we do not ship fruit trees into the following States: California, Washington, Oregon, Montana, Nevada, Utah, Colorado, Arizona and Florida.

SHIPPING CHARGES ON ALL FRUIT TREES

All Fruit Trees are priced F.O.B. the nursery. You pay shipping charges to your Postman or Express Agent on arrival. Up to 10 regular size fruit trees can be sent by Parcel Post. Over that number, the packages are usually too large for Parcel Post limits and they are sent by Express. (All Pear and Apple Trees in Jumbo City planting size are sent by Express due to their size.)

SPECIAL OFFERING! JUMBO, CITY PLANTING SIZE APPLE TREES

Superb 3-Year-Old Trees Running 6 to 7 Feet Tall. Wonderful Root Systems and Well-Shaped Tops. Save Two Years of Waiting for Fruit. Available in 5 Excellent Varieties Listed Below

Due to an oversupply in 1948, we left several hundred of our nice two-year-old Apple trees stand in the field and grow on an extra year, through 1949.

They made up into a beautiful block of three-year-old trees, all running from 6 to 7 feet tall, depending on variety, with straight heavy caliper trunks.

Having been pruned when they were 1 year old and trimmed and shaped again as 2-year trees, they have well-developed, superbly formed tops.

They have now been carefully dug to preserve their root systems and we offer these superior trees to our customers this spring at about the same price as most nurseries ask for their regular 2-year-old trees. The cost of budding, growing, cultivating, spraying and trimming, digging, grading and packing these trees has been far more than the moderate price at which we are offering them.

Our loss is your gain however, and if you want to save a couple of years of waiting for Apples from your trees, here is your opportunity to get some exceptionally fine trees at less than our cost of growing them.

Five of the best and most widely planted varieties, as listed at the right, all in extra heavy 6- to 7-ft. size.

VARIETIES AVAILABLE IN JUMBO SIZE TREES

KRIDER'S APPLE TREES

FINEST VARIETIES—RAPID IN GROWTH—HEAVY YIELD

DOUBLE RED DELICIOUS

The sensational New Red Delicious which we are offering to the trade is a marvelous improvement over the common Delicious. It is a much deeper color without stripes where the common Delicious would be striped red and partly green. Even in the heavily shaded portions of the tree the color is outstanding. Probably the most popular of all eating Apples. Largest seller in markets. Very highly flavored and stays crisp and juicy after picking.

YELLOW DELICIOUS

Similar to Red Delicious in shape. Fruit rich yellow color. Early bearing. Winter. Flesh fine grained, crisp, juicy and melting, and really delicious. The tree is a hardy and vigorous grower, and forms a strong, beautiful head capable of bearing enormous loads.

YELLOW TRANSPARENT

Summer Apple

Medium white, changing to lemon-yellow, smooth waxy surface; of good quality, with crisp flesh; very early, and, for an early Apple, an unusually good keeper. Valuable for market. July.

GRIMES GOLDEN

The standard of excellence, of the best quality, rich golden color. Flesh is yellow, very firm, crisp but tender, rich, aromatic and juicy. Medium to large. An ideal dessert and cooking Apple. Tree is a hardy, vigorous, upright grower, and a heavy, regular bearer.

RED JONATHAN

A beautiful red Apple, highly flavored and of excellent quality, being tender, juicy, spicy, and rich—a splendid family sort and highly profitable for market. Tree long-lived, productive, and an early bearer.

McINTOSH

Large, deep crimson and beautiful. Tree is hardy and vigorous. Flesh pure white, crisp and very tender. A good regular bearer. Has justly proved itself a favorite in the Apple Belt, and a good market variety.

RED NORTHERN SPY

To all the splendid qualities of the genuine Northern Spy—its unusual and delicious flavor, its excellent cooking and baking qualities, its hardiness and productiveness—nurserymen have added the greater perfection of color and miraculous hastening of maturity. Comes into bearing 12 years earlier than the old Northern Spy, bearing fruit in six years instead of the 18 years formerly required.

RED STAYMAN

Most profitable market variety. Has large size, bright red color, great productiveness, and best quality to commend it. Tree a vigorous grower, irregular and drooping in habit, adapts itself readily to different soils and situations.

PLEASE NOTE

Due to State Quarantine Laws we do not ship Apple trees into the States of California, Oregon, Washington, Montana, Nevada, Colorado, Utah, Arizona, and Florida.

TOLMAN SWEET

A very large and sweet Apple of fine flavor. The fruit is creamy yellow, sometimes blushed on sunny side. Tree vigorous and hardy, very productive. Keeps until April.

MAIDEN BLUSH

A medium to large pinkish Apple. Very firm, white flesh, vigorous and productive. One of the best for juicy fresh Apple pies or flavorful, finely grained Apple sauce.

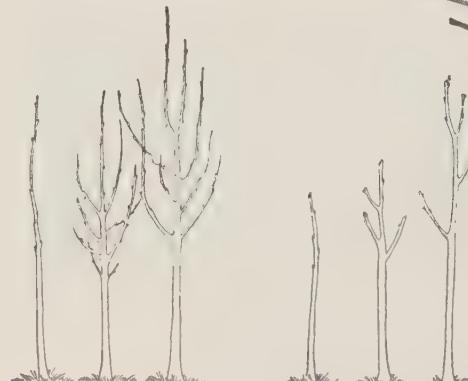

WHITNEY CRAB

The tree is hardy, thrifty, an upright grower, and comes into bearing when young; it is a very productive variety. The flesh is yellowish, crisp, juicy and splendid for eating and cider. August to September.

PRICES OF ALL APPLE TREES LISTED—WELL ROOTED, 2-yr., 4 to 6 ft.

\$1.25 each; 5 for \$5.00;
10 for \$8.50; 25 for
\$16.50.

ONE YEAR, TWO YEAR AND
THREE YEAR OLD FRUIT TREE
BEFORE PRUNING.

THE SAME TREE AFTER
PRUNING

NEARLY OPPOSITE BRANCHES FORM BAD CROTCHES
IN TIME AND SHOULD BE AVOIDED

All fruit trees should be cut back and
pruned as shown above, as soon as plant-
ing is completed.

NOTE: Plant Apple
Trees from 30 to 40
feet apart each way.
In small areas or on
city lots they might
be planted 20 feet
each way if kept trim-
med so that they do
not grow together.

**ALL TREES ARE BUD-
DED FROM PRODUC-
ING WOOD.**

Typical Bundle of Well-Rooted Fruit
Trees—Ready to Start Quick and Vigorous
Growth.

EARLY VARIETIES

GOLDEN JUBILEE. (Freestone.) Tree habits resemble Elberta. The skin is yellow with red blush; flesh golden yellow; tender and sweet. Fruit oblong and rather flattened in shape. Brings top market prices because it is early and has superior flavor.

EARLY ELBERTA. (Freestone.) Early midseason. Color lemon-yellow changing to orange-yellow, blushed with red. Very juicy, tender and melting, sweet and highly flavored. Splendid quality.

ROCHESTER. (Freestone.) Early midseason. Color orange-yellow, blushed with deep red. Skin thick and tough. Yellow flesh stained with red near the pit. Very juicy, tender and melting, sweet and highly flavored. Splendid quality.

EXCELLENT NEW PEACH "CLARKHAVEN"

All the superb qualities which have made Hale-Haven the most widely planted and the favorite Peach in the southern Michigan and northern Indiana area, PLUS the important quality of ripening about ten days ahead of its parent. Those of you who raise Peaches for market know just how important this is. Think of getting a Peach of Hale-Haven quality and fine appearance on the market 10 days earlier! Fruits are large, have a fine over-all red blush, meltingly juicy flesh and are just as delicious for home use as for market. Try this new "CLARKHAVEN" and you will not be disappointed.

Stanley Prune—Giant Blue Plum

SELECTED, YOUNG BEARING PEACH TREES MIDSEASON VARIETIES

HALE-HAVEN. (Freestone.) New, hardy, rot-resistant Peach, as large and fine as Elberta. Roundish with yellow skin, red blush on sunny side, yellow flesh; tender and melting; rich, sweet, and of superior flavor. A big, early Peach of high quality, is sure to be in great demand. From August 15th.

SOUTH HAVEN. (Freestone.) The great hardy Peach for cold regions because it, with Hale-Haven, withstands 10 degrees colder weather than any other Peach grown. Large, yellow freestone, as large as Elberta and several weeks earlier on the market. Plant Elberta and J. H. Hale with it for commercial purposes. All yellow, all freestone, all money-makers.

CHAMPION. (Freestone.) Large, round, quite regular, yellowish white, mottled with red on sunny side, flesh white with red at the pit. One of the best in quality for nearby markets and home use. It is a healthy grower and hardy in fruit bud. The fruit ripens from 20th of August.

LATE VARIETIES

ELBERTA. (Freestone.) The great market Peach. Many consider it the best all-around Peach; lemon-yellow color with blush on sunny side. Flesh pale yellow, tender and juicy. Tree vigorous. An excellent shipping Peach. September.

J. H. HALE. (Freestone.) Fruit averages one-third to one-half larger than Elberta, ripens about five days earlier and has superior flavor. Color a beautiful golden yellow with deep carmine blush. Does well over a wide range of territory and is worth cultivation. Sept. 1st.

PRICES OF ALL PEACH TREES: Heavy rooted, 2-yr., 3 to 5 ft. trees, \$1.00 each; 10 for \$7.50; 25 for \$15.00; 100 \$50.00.

(Write for prices on larger quantities for orchard planting.)

THREE EXCELLENT, SELECT VARIETIES OF

PLUM TREES

STANLEY PRUNE. Beautiful large Prune-Plum. Sweet, rich and juicy. Hardy in all sections and one of the best Plums you can grow. Deep blue color.

BURBANK. Tree a vigorous grower and an early and very heavy bearer. Fruit very large, reddish in color with yellow cheek in the sun. Extremely small pit. Middle of June.

REINE CLAUDE. Very large, juicy Plum with golden yellow skin and flesh. Sweet and flavorful and an excellent Plum for canning or for use as fresh fruit.

YOUR CHOICE OF ABOVE PLUMS—Well rooted, 2-yr., 3 to 5 ft. trees, \$1.50 each; 3 for \$4.00; 6 for \$7.50.

(Write for prices if interested in large quantities.)

NOTE: We do not ship **any** fruit trees into the following states: California, Washington, Oregon, Montana, Nevada, Utah, Colorado, Arizona and Florida.

For Home Orchard or Commercialist

CHERRIES and PEARS

Best and Favorite Varieties

SOUR CHERRY VARIETIES

LARGE MONTMORENCY. Everywhere the most popular. Tree strong, thrifty grower, making a large symmetrical head; fruit is large size, dark red, melting, juicy, sprightly acid flavor, and is especially valuable for cooking purposes. This is the large dark red Cherry so much used for locker storage after quick freezing. The kind grown by large commercial orchardists and canned for the markets. Unequalled for Cherry pies or for fresh fruit after canning or freezing.

EARLY RICHMOND. The Cherry for those first juicy Cherry pies. Earliest ripening Cherry and a heavy producer of fruit. Large and light red in color. Bring top prices on early markets and very desirable for home canning or drying. Trees bear when quite small and long waits for a fruit crop are done away with when you plant a few trees of Early Richmond.

YOUR CHOICE OF ABOVE VARIETIES: Nice, 2-year, 3- to 4-ft. trees, \$1.50 each; 3 for \$4.00; 6 for \$7.50.
Write for Prices on Large Quantities

Large Montmorency—Favorite All-Purpose Cherry

SWEET CHERRY VARIETIES

BLACK BING. This black Cherry bears fruit of large size and deep color. Flesh very solid, flavor of the highest quality; tree thrifty, upright grower, very hardy and productive; a fine shipping and market variety. Also excellent for drying and home canning. May be used for locker storage after quick freezing. Always brings top prices on the market due to its large size and deep color.

WINDSOR. Tree upright, and a rapid grower; fruit large, roundish, oblong, very firm and juicy; flesh pinkish and sometimes streaked; quality very good; a productive bearer; has attracted attention owing to its large size and shiny deep maroon color.

ROYAL ANN. A beautiful Cherry of large size, pale yellow with bright red cheek; flesh firm and sweet; one of the best for market and canning.

YOUR CHOICE OF ABOVE VARIETIES: 3- to 4-ft. trees, \$1.75 each; 3 for \$4.50; 6 for \$8.50.

Plant Peach, Cherry, and Pear Trees 20 ft. apart for orchards. Plant 15 ft. apart on city lots or crowded places.

NOTE: We do not ship ANY Fruit Trees into the following States: California, Washington, Oregon, Montana, Nevada, Utah, Colorado, Arizona and Florida.

Black Bing—One of the Finest Sweet Cherries

Three of the Best and Most Popular Varieties of Pear Trees

BARTLETT. Large size, with a beautiful blush next to the sun; buttery, very juicy and high flavored; the tree is a strong grower and a young and abundant bearer. August and September.

FLEMISH BEAUTY. A large, beautiful, melting sweet Pear. Tree is very hardy, vigorous and productive. Succeeds well in all climates. September.

SUGAR PEAR. Remember the delicious sweet Sugar Pears we used to watch for in the late summer? Why not plant a few of these trees and grow your own. None better to eat or for spicing. Melting flavor and trees bear unusually heavy crops.

YOUR CHOICE OF ABOVE PEAR TREES
Well rooted, 4- to 5-ft. trees, \$1.50 each; 3 for \$4.00; 6 for \$7.50.
Write for Prices On Large Quantities for Orchards.

SHIPPING CHARGES ON ALL FRUIT TREES

We do not pay shipping charges on Fruit Trees. They are sent with shipping charges collect and you pay them on arrival. Up to 10 trees can be shipped by Parcel Post. Over that number, packages are usually too large for Parcel Post limits and shipment is made by Express. (All Pear and Apple trees in the large Jumbo planting sizes listed will be sent by Express due to their size.)

SPECIAL!

We have some of the Bartlett Pear trees on hand in Jumbo bearing size, running 6 to 7 ft. tall. We offer them while they last at \$2.00 ea.; 3 for \$5.00; 5 for \$8.00; 10 for \$15.00.

Shipped only by Express. Not Prepaid.

Too large for Parcel Post shipment.

Latham, the "Old Reliable" Red Raspberry

"LATHAM" The "Old Reliable" Red Raspberry

Best Known and Most Generally Satisfactory Red Berry

We might well use this whole page extolling the merits of this wonderful berry, which we regard as the finest ever introduced. Berries of extremely large size, and when ripe, are a beautiful bright red in color. The hardiest of all Raspberries, growing well and producing abundant crops even to the Canadian border. Flavor is delicious and crop is remarkably heavy, sometimes extending over a month. In every way Latham stands supreme. 12 for \$1.75; 25 for \$3.25; 50 for \$6.00; 100 for \$9.50; 500 for \$40.00.

"CUMBERLAND" BLACK RASPBERRY We Regard It as the Best of All Blackcaps

Prolific Producer for Home Canning or Freezing, or for Market
Large, Juicy Berries Are Superior in Every Way

Largest Blackcap Raspberry grown. Plant is an unusually strong grower and heavy bearer. Berries are very large, sweet and juicy, keep well for market and hold shape in cans when cold-packed. Useful and valuable for the home garden as they are excellent for table use as fresh fruit, fine for canning or the making of jam and jelly, and equally as good for locker storage after quick freezing. 12 for \$1.25; 25 for \$2.00; 100 for \$6.00; 500 for \$25.00; 1000 for \$45.00.

THE GROWING OF RASPBERRIES AND BLACKBERRIES

Plant Raspberries in well-drained cultivated soil. Set plants with the crown or eye about 1 inch below ground level. Raspberries should be set 4 feet apart each way. As soon as the bearing season is over, all old wood or canes should be cleaned out and new growth cut back about one-third. This permits good bearing wood to develop the next year's crop.

NOTE: We do not ship Raspberry plants, either Red or Black, or Blackberry plants to the following States: California, Washington, Montana, Nevada, Utah, Colorado, Oregon, Arizona, Florida.

"Cumberland" Black Raspberries—Full of Juicy Goodness

Everbearing "INDIAN SUMMER"

THE SENSATIONAL RED RASPBERRY THAT GIVES YOU TWO CROPS OF DELICIOUS, FLAVORFUL BERRIES EACH YEAR

One of the finest of new Red Raspberries. Fruits are large, firm in texture and packed with flavorful goodness. Keep their color when canned or quick frozen. Excellent market berry as they keep well after picking. Plants grow readily and rapidly to good size and bear abundantly. Indian Summer makes an ideal berry for home garden because the plants bear a heavy crop during the early summer bearing season and then bear another lighter crop in the fall. This assures you of fresh fruit at a season when most other fruits are gone.

Well-rooted No. 1 plants, 12 for \$2.25; 25 for \$3.75; 50 for \$6.50; 100 for \$12.00.

Indian Summer Red Raspberries—Plants Bear Two Crops of Delicious Berries Each Year

"ELDORADO" Regarded as the Best Blackberry

Largest Berries—Sturdy, Vigorous Grower—Perfectly Hardy

Largest hardy Blackberry grown. Free from rust and a good money-maker. Canes grow upright and sturdy. Fruit ripens in July and continues over a long period. We offer only the one variety as it is the only one which has proven to be generally satisfactory. 6 for 75c; 12 for \$1.25; 25 for \$2.00; 100 for \$6.00; 500 for \$25.00; 1000 for \$45.00.

All Raspberry and Blackberry plants are shipped Prepaid at prices listed to all areas into which we can ship them. (See list of States into which we do not send Fruit Plants.)

Immense, Juicy, Flavor-Packed Fruits of "Eldorado" Blackberries

RA-PID-GRO

MAKES A COMPLETE, QUICKLY AVAILABLE,
EASILY PREPARED PLANT FOOD BY MERELY
ADDING PROPER AMOUNT OF WATER . . .

Contains Vitamins B₁ and B₂ Plus Eleven Other
Vital and Needed Plant Food Elements—
The "Miracle Plant Food"

Read the Facts Below . . .

DECIDE TO USE RA-PID-GRO

WHAT IS RA-PID-GRO?

Ra-pid-gro is a complete concentrated plant food formula. Easily made into an immediately effective liquid fertilizer by simply adding water. It will speed up growth of plants now in place and will assure more successful transplanting of new plants.

HOW IS IT USED?

Ra-pid-gro is so easily prepared for use. Just add water at the rate of 1 lb. of Ra-pid-gro to 22 gallons of water. Allow to dissolve and it's ready for use. Apply around each plant according to directions on the bag. For use on small numbers of plants mix at the rate of a teaspoonful to the quart of water. Also very valuable for use when transplanting. Dip plants in solution for three or four minutes, then set in place and water with remainder of liquid. Practically eliminates losses.

WHAT WILL IT DO?

Ra-pid-gro will work almost unbelievable miracles in promoting rapid and healthy growth on all types of plants. Use it on lawns, around shade trees, evergreens, shrubs, roses, perennials, vegetables and house plants. Many times plants which have been given up for dead will respond to applications of Ra-pid-gro. All the vital plant food elements are present in this remarkable discovery and, since it is applied in liquid form, are readily available to the roots of the plant.

HOW DOES ITS COST COMPARE WITH OTHER FERTILIZERS?

Ra-pid-gro is less expensive than other fertilizers. In the larger quantities it makes your fertilizer cost about 1/2c per pound, as against a cost of about 3c per pound for average fertilizers. Remember 1 pound of Ra-pid-gro makes 176 pounds of rich and complete plant food.

WE OFFER THREE OF THE MOST CONVENIENT SIZES—

All are sent by Prepaid Parcel Post.

1-lb. FABRIC BAG	Makes 176 lbs.	\$1.25
2-lb. FABRIC BAG	Makes 352 lbs.	2.35
5-lb. FABRIC BAG	Makes 880 lbs.	4.50

TRY RA-PID-GRO AND AMAZE YOURSELF WITH RESULTS

DOES IT CONTAIN FILLER?

Ra-pid-gro contains no sand or other filler which always makes up part of the bulk of regular fertilizers. You pay only for the vital food elements in highly concentrated form.

STOPS EXPENSIVE AND TRAGIC TRANSPLANTING LOSSES Save Them With Ra-Pid-Gro

By using a large tub or pail and mixing Ra-pid-gro with water at the rate of 22 gallons of water to one pound, you have a solution in which to dip the roots of the plants before setting out. If this is done, you will practically eliminate transplanting losses. Trees, shrubs, roses, evergreens and similar plants should set in the solution 3 to 4 minutes. Berry plants one minute. Vegetable and house plants just dip and remove. Grass and vegetable seeds should be sprinkled with Ra-pid-gro before sowing. Use balance of solution for watering after planting plants or sowing seed.

HOW MUCH WILL I NEED?

To estimate your season's requirements of Ra-pid-gro figure at the rate of 1 lb. of Ra-pid-gro for each 100 lbs. of other fertilizer you have been using. Or the manufacturer recommends the following: for a lot 40x60 ft. with 15 shrubs, 20 feet of hedge, 3 fruit trees, 2 evergreens, 12 roses and 800 sq. ft. of lawn, 5 lbs. of Ra-pid-gro for a season's feeding. A lot 40x100 ft. with 25 shrubs, 3 shade trees, 4 fruit trees, perennial bed, a few grapes and raspberries, 10 evergreens, a small vegetable garden and 1500 sq. ft. of lawn requires 10 lbs. per season. A lot 75x150 with 48 roses, 40 shrubs, 4 shade trees, perennials, 6 evergreens, hedge, vegetable garden, strawberry and raspberry patch, grapes, 10 fruit trees, and 4000 sq. ft. of lawn will require only 20 lbs. of Ra-pid-gro per season.

MAKE THIS TEST . . .

Get 1 lb. of Ra-pid-gro and mix as specified and apply to a small staked-off section of your lawn; or to a few selected rose bushes, berry plants, perennials, etc. At the end of 30 days you will be surprised at the difference between those fertilized with Ra-pid-gro and those left unfertilized. You'll be a booster for this remarkable and easy way to secure almost phenomenal results from your plants.

Two Wonderful "Stratford" Roses

Bush "Stratford", Plant Pat. No. 160

Pillar "Stratford", Plant Pat. No. 784

BOTH ARE EVERBLOOMING, VIGOROUS
AND HARDY

We cannot say too much about the good qualities of "Stratford" Roses. A unique Rose in that the open blooms have the odd, Cactus-like appearance of the Cactus Dahlias. Buds are a charming flesh-pink, opening into large blooms so extremely double there scarcely seems to be room for all the petals. Open blooms are creamy pink and the color holds for days as the many petals unfold. Both Bush and Pillar form have blooms almost continuously from June until freezing weather. Plants are vigorous in growth with strong, erect canes and excellent foliage. In Pillar form the canes grow to a height of 8 to 10 feet, stiffly erect and sturdy. Ideal for planting on each side of a drive or wherever a post or pillar effect is wanted. Bears the same extremely double, fragrant blooms as the bush form and, best of all, bears them almost constantly during the summer and fall months.
